Chartist Portraits George Douglas Howard Cole,1941

**Chartist Portraits** George Douglas Howard Cole,1965

*Chartism and the Chartists in Manchester and Salford* P. Pickering,1995-09-27 In 1845 Frederick Engels wrote that Manchester is the seat of the most powerful unions the central point of Chartism the place which numbers the most Socialists There have been many local studies of the Chartist struggle for democratic political reform but there is no major study of the movement in the Manchester Salford conurbation its most important provincial centre This book brings an innovative approach to an exploration of aspects of the Chartist experience in the shock city of the industrial revolution

*Radicalism and Reputation* Michael J. Turner,2017-04-01 A thematic analysis of the career of Bronterre O'Brien one of the most influential leaders of Chartism this book relates his activities and the Chartist movement to broader themes in the history of Britain Europe and America during the nineteenth century O'Brien 1804-64 came to be known as the schoolmaster of Chartism because of his efforts to describe and explain its intellectual foundations The campaign for the People's Charter with its promise of political democratization was a highpoint in O'Brien's career as writer and orator but he was already well known before the campaign began and during the 1840s he distanced himself from other Chartist leaders and from several important Chartist initiatives This book examines the personal tactical and ideological reasons for O'Brien's departure as well as his development of a social and economic agenda to accompany constitutional Chartism in line with the evolution of radical thought after the Great Reform Act of 1832 It also evaluates O'Brien's reputation among his contemporaries and among modern historians in order better to understand his contribution to radicalism in Britain and beyond

Liberty and Liberticide Michael J. Turner,2013-11-15 America was important to many British radicals It was a model an exemplar a source of inspiration and American events were believed to have a bearing on reform debates in Britain Many scholars focus on the positive impressions of the United States that prominent British radicals entertained developed and propagated but it is necessary also to explore the reasons why some radicals condemned rather than praised America and to explain how America was conceptualized and used by them and to what purpose *Liberty and Liberticide* focuses on the influence America exerted over the ideas and activities of nineteenth century British radicals While some looked on America as the model of liberty others associated it with the destruction of liberty Turner shows how radicals' views about the United States and the course of Anglo-American relations shaped their domestic reform agenda and their assumptions about British political values and Britain's place in the world

*The Chartist Experience* James Epstein,Dorothy Thompson,1982

The Road Not Taken Frank McLynn,2012-07-05 Britain has not been successfully invaded since 1066 nor in nearly 1 000 years has it known a true revolution one that brings radical systemic and enduring change The contrast with Britain's European neighbours France Germany Italy Spain Greece Russia is dramatic all have been convulsed by external warfare revolution and civil war and experienced fundamental change to their ruling elites or social and economic structures Frank McLynn takes seven

occasions when Britain came closest to revolution the Peasants Revolt of 1381 the Jack Cade rebellion of 1450 the Pilgrimage of Grace in 1536 the English Civil Wars of the 1640s the Jacobite Rising of 1745 6 the Chartist Movement of 1838 48 and the General Strike of 1926 Why at these dramatic turning points did history finally fail to turn McLynn examines Britain's history and themes of social religious and political change to explain why social turbulence stopped short of revolution on so many occasions

*Chartist Lives* Christopher Godfrey, 1987     Bookseller's catalogues George Harding (ltd.), 1906     **Robert Lowery, Radical and Chartist** Robert Lowery, 1979     **Working Class Family Life and the Chartist Ideology** Stella Beatrice Toogood, 1965     *Chartist Legacy* Raymond Jack Boston, 1969     **The Poetry of the Chartist Movement** Ulrike Schwab, 1993-02-28 This book is a comprehensive analysis of a neglected aspect of Chartism its poetry Here the Chartists are documented as poet politicians In order to show how much this poetry can contribute to a deeper understanding of the movement the poems are treated as literary pieces and as historical sources Being a mass phenomenon these poems and songs served as a vehicle of Chartism They not only express critical insights into society but also and even more so reveal the emotions and values which brought about the mass consensus

**History of the Chartist Movement, 1837-1854** Robert George Gammage, 1894     *Perish the Privileged Orders : a Socialist History of the Chartist Movement* Mark O'Brien, 1995 A Socialist History of the Chartist Movement     The Life of Thomas Cooper. Written by Himself. With a Portrait Thomas COOPER (the Chartist.), 1872     **Images of Chartism** Stephen Roberts, Dorothy Thompson, 1998 This is a pictorial record of the Chartist Movement Photography was in its infancy in those years and the only photographic record of a Chartist gathering is of the last of the great meetings in April 1848 Pictures of the Chartists themselves as they appeared in those years are all from wood or metal engravings mostly published by Chartist newspapers An introduction provides a background to the pictures and their captions

*John Stuart Mill* John Cunningham Wood, 1991     *Chartist Portraits, by G. D. H. Cole* George Douglas Howard Cole, 1941     British Working-class Movements and Europe, 1815-48 Henry Weisser, 1975
