her life and accomplishments can be used as a focal point for exploring issues of social justice through children's literature. In addition to a history and overview of the award, this work contains annotated bibliographies with thematically arranged winners and honor books bestowed in Addams's name. Supporting literature study in classrooms and integrating points of reflection drawn from the activist's life, The Jane Addams Children's Book Award is an invaluable resource for educators, students, and librarians.

Peacebuilding for Adolescents Linda Rennie Forcey, Ian M. Harris, 1999. Relying largely on the work of peace and conflict resolution scholars from many disciplines, *Peacebuilding for Adolescents* presents proactive strategies for educators and community leaders. In order to deter adolescent violence, educators have been responding to increasing levels of school violence by severely punishing aggressive children, and politicians have been clamoring for tougher criminal justice measures to deter youth from crime. The authors in this book argue instead for a more humane response by teaching young people to value peace, to learn to manage their own conflicts, and to live more peacefully. They take a broad view that ranges over three strategic levels of analysis: personal, school, and community. They argue for the promotion of a culture of nonviolence in the schools to help create what Dr. Martin Luther King Jr. called the beloved community.
