Chassidic Rebbes From The Baal Shem Tov To Modern Times:

Chassidic Rebbes Tzvi Rabinowicz, 1989 **Jewish History and Jewish Memory** Yosef Hayim Yerushalmi, 1998

Publication of Yosef Yerushalmi's *Zakhor* in 1982 inspired a generation of scholarly inquiry into historical images and myths the construction of the Jewish past and the making and meaning of collective memory Here eminent scholars in their respective fields extend the lines of his seminal study into topics that range from medieval rabbinics homiletics kabbalah and Hasidism to antisemitism Zionism and the making of modern Jewish identity Essays are clustered around four central themes historical consciousness and the construction of memory the relationship between time and history in Jewish thought the demise of traditional forms of collective memory and the writing of Jewish history in modern times **Fifty Key Jewish Thinkers** Dan Cohn-Sherbok, 2007-06-11 *Fifty Key Jewish Thinkers* is a panoramic survey of over 2 000 years of Jewish thought religious and secular ancient and modern Now in its second edition this essential reference guide contains new introductions to the lives and works of such thinkers as Hannah Arendt Immanuel Levinas Judith Plaskow Sigmund Freud and Walter Benjamin Also including fully updated guides to further reading on figures from the middle ages through to the twenty first century historical maps and a chronology placing the thinkers in context this is an essential and affordable one volume reference to a rich and complex tradition *A Kabbalist in Montreal* Ira Robinson, 2021-02-23 This book illuminates important issues faced by Orthodox Judaism in the modern era by relating the life and times of Rabbi Yudel Rosenberg 1859 1935 In presenting Yudel Rosenberg's rabbinic activities this book aims to show that Jewish Orthodoxy could serve as an agent of modernity no less than its opponents Yudel Rosenberg's considerable literary output will demonstrate that the line between secular and traditional literature was not always sharp and distinct Rabbi Rosenberg's kabbalistic works will shed light on the revival of kabbala study in the twentieth century Yudel Rosenberg's career in Canada will serve as a counter example to the often expressed idea that Hasidism exercised no significant influence on the development of American Judaism at the turn of the twentieth century *Religions of the World* J. Gordon Melton, Martin Baumann, 2010-09-21 This masterful six volume encyclopedia provides comprehensive global coverage of religion emphasizing larger religious communities without neglecting the world's smaller religious outposts *Religions of the World Second Edition A Comprehensive Encyclopedia of Beliefs and Practices* is an extraordinary work bringing together the scholarship of some 225 experts from around the globe The encyclopedia's six volumes offer entries on every country of the world with particular emphasis on the larger nations as well as Indonesia and the Latin American countries that are traditionally given little attention in English language reference works Entries include profiles on religion in the world's smallest countries the Vatican and San Marino profiles on religion in recently established or disputed countries Kosovo and Nagorno Karabakh as well as profiles on religion in some of the world's most remote places Antarctica and Easter Island *Religions of the World* is unique in that it is based in religion on the ground tracing the development of each of the 16 major world religious traditions

through its institutional expressions in the modern world its major geographical sites and its major celebrations Unlike other works the encyclopedia also covers the world of religious unbelief as expressed in atheism humanism and other traditions

Orthodox Judaism in America Marc Raphael, Moshe Sherman, 1996-05-14 The last in a series of three volumes edited by Marc Lee Raphael surveying some of the major rabbinic and lay personalities who have shaped Judaism in America for the past two centuries this work focuses on Orthodox Judaism Along with a basic description of the achievements of some of the most notable leaders a bibliography of their writings and sources for further study is included as well as an essay on Orthodox rabbinic organizations and a survey of American Orthodox periodicals Of interest to scholars students and lay persons alike this volume will inform readers about the earliest communities of Jews who settled in America as they developed the institutions of Orthodox Jewish life and set a public standard of compliance with Jewish law These early American Jews followed a Spanish Dutch version of Sephardic customs and rites Their synagogues used traditional prayer books promoted the celebration of Jewish holidays established mikvahs acquired Passover provisions and arranged for cemetery land and burial services While many of these Sephardic immigrants did not maintain halakha in their daily regimen as did their European counterparts they set a public standard of compliance with Jewish law thus honoring Jewish tradition Further immigration of thousands of Jews from Western and Central Europe in the middle of the 19th century brought a world of traditional piety and extensive Jewish learning to America exemplified by Rabbi Abraham Rice who served in Baltimore and Yissachar Dov Bernard Illowy who served communities from Philadelphia to New Orleans Such men marked the beginning of a learned and scholarly rabbinate in America This volume provides valuable biographical insights regarding some of the most notable religious leaders in American Orthodoxy

Abraham Joshua Heschel Edward K. Kaplan, Samuel H. Dresner, 2007-01-01 1940

Translating a Tradition Ira Robinson, 2008 Divided into three sections this work explains how the concepts and practices of traditional European Judaism were adapted to North American culture beginning in the late nineteenth century Part I focuses on the ideas and activities of Cyrus Adler 1863 1940 one of the most prominent leaders of the traditionalist United States Jewish community in his era The issues in these essays include the origins of American Jewish history as a field of study the Kehilla experiments of the early twentieth century and the relationship between the Jewish Theological Seminary and Orthodox Judaism Part II deals with the beginnings of Hasidic Judaism in North America prior to the Second World War It also includes several studies investigating the shaping of the worldview of Orthodox Judaism in contemporary North America Part III examines the issue of contemporary American Jewish attitudes toward evolution and intelligent design
