**Chatterboxes** Brian Johnston,1983 *Cricket Commentary & Commentators* Ravi Chaturvedi,2019-11-16 I have been handed the new ball and asked to bowl the opening spell in this book of Cricket Commentary and Commentators It was always my ambition to play Test cricket for India but I was allergic to grass A pity because I would have been the silliest mid on to have played Test cricket My long leg would have been a sensation There have never been swingers to match mine I used to be such an agile fielder that a piece of music Third Man Theme was composed as a tribute On the serious side as a commentator I was always fascinated by how cricket commentary began While the journey of cricket commentary is fairly well recorded in Australia and England the information on the subject in other eight Test playing countries is scanty This book Cricket Commentary Commentators is a humble attempt to weave together threads scattered in different areas and diverse directions The scope of the book has been enlarged to include not just commentators but even anchors presenters scorers and statisticians while making it a compendium on commentary With these opening remarks I urge you the reader to move forward *Another Slice Of Johnners* Brian Johnston,2012-05-31 Following the success of A Delicious Slice of Johnners Barry Johnston has edited another delightful anthology based on three of his father s most popular books Brian Johnston s Guide to Cricket Chatterboxes and It s Been a Piece of Cake The History of Broadcasting in the United Kingdom: Volume V: Competition Asa Briggs,1995-03-23 Part of a five volume history of the rise and development of broadcasting in the United Kingdom After Extra Time and Penalties: Memories of a BBC Football Correspondent Mike Ingham,2020-03-28 After almost a quarter century as the BBC s Chief Football Correspondent Mike Ingham MBE shares a candid comprehensive and sometimes controversial account of how the world of broadcasting and football changed beyond recognition throughout his career **Cricket in America, 1710-2000** P. David Sentance,2006-03-16 Cricket was played in Virginia in 1710 and was enjoyed on Georgia plantations in 1737 Teams representing New York and Philadelphia faced each other as early as 1838 By 1865 Philadelphia was considered the best cricket playing city in the United States competing against Canadian English and Australian teams from 1890 to 1920 This 30 year span was essential to the formation of America s sports identity and by its end while the sport of baseball drew increasing attention the game of cricket moved from being the game of America s aristocrats to a safe haven for America s nonwhite immigrants who were excluded from baseball because of Jim Crow laws Here the game s unique multi ethnic religious and cultural tradition in the United States is fully explored The author explains cricket s ties to the beginnings of baseball and covers the ways in which the game continues to play an important role in America s inner cities **British Sport: Biographical studies of British sportsmen, sportswomen, and animals** Richard William Cox,2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian **British Sport - a Bibliography**
