*Chaucer and Chaucerians* Derek Brewer,1966      *Geoffrey Chaucer and Chaucerians* Geoffrey Chaucer,1966

Chaucer and Chaucerians : critical studies in Middle English literature Derek Brewer,1966      Chaucer and Chaucerians; Critical Studies in Middle English Literature, Derek Brewer (1923-, ed),1966      Chaucer and his English Contemporaries

Tony Davenport,1998-07-31 Modern ways of presenting Chaucer have often made his work seem normal so that The Canterbury Tales and its much studied General Prologue are seen as archetypes of narrative and prologue Tony Davenport argues that study of Chaucer s major work alongside contemporary English poems reveals the odd and extreme aspects of Chaucer s writing as well as the daring and experimental qualities in his work The focus of the book is on strategies of narrative and discourse but also includes discussion of other much studied Middle English poems      **English Literature in the Age of Chaucer** Dieter Mehl,2014-06-11 Written in an engaging and accessible manner English Literature in the Age of Chaucer serves as both a lucid introduction to Middle English literature for those coming fresh to the study of earlier English writing and as a stimulating examination of the themes traditions and the literary achievement of a number of particularly original and interesting authors In addition to detailed and sensitive treatment of Chaucer s major works the book includes chapters on his chief contemporaries such as John Gower William Langland and the Gawain poet It also examines the often underrated contribution to the English literary tradition of his successors John Lydgate and Thomas Hoccleve as well as the interesting and original work of the Scottish poets Robert Henryson William Dunbar and Gavin Douglas who also claim Chaucer as their model Apart from the narrative poetry of Chaucer and his followers the book also contains chapters on the Middle English lyric Middle English prose including Mandeville s travels the most original and imaginative writings of the Middle English mystics in particular Julian of Norwich and Margery Kempe and Thomas Malory s impressive prose compilation of Arthurian stories      **The New Cambridge Bibliography of English Literature: Volume 1, 600-1660**

George Watson,Ian Roy Willison,1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries      Chaucerian Ecopoetics Shawn Normandin,2018-06-12 Chaucerian Ecopoetics performs ecocritical close readings of Geoffrey Chaucer s poetry Shawn Normandin explains how Chaucer s language demystifies the aesthetic charm of his narratives and calls into question the anthropocentrism they often depict This text combines ecocriticism with reading techniques associated with deconstruction to provide innovative interpretations of the General Prologue the Knight s Tale the Miller s Tale the Reeve s

Tale the Franklin's Tale the Physician's Tale and the Monk's Tale In stressing the importance of rhetorical nuance and literary form Chaucerian Ecopoetics enables readers to better understand the ideological prehistory of today's environmental crisis

**Chaucer's Polyphony** Jonathan Fruoco, 2020-10-12 Geoffrey Chaucer has long been considered by the critics as the father of English poetry However this notion not only tends to forget a huge part of the history of Anglo Saxon literature but also to ignore the specificities of Chaucer's style Indeed Chaucer's decision to write in Middle English in a time when the hegemony of Latin and Old French was undisputed especially at the court of Edward III and Richard II was consistent with an intellectual movement that was trying to give back to European vernaculars the prestige necessary to a genuine cultural production which eventually led to the emergence of romance and of the modern novel As a result if Chaucer cannot be thought of as the father of English poetry he is however the father of English prose and one of the main artisans of what Mikhail Bakhtin called the polyphonic novel

**Chaucer** John Leyerle, Anne Quick, 1986-12-15 More than 900 entries carefully selected organized and annotated and accompanied by informative background material make this volume a unique and indispensable guide to Chaucer and related studies The entries are divided into three categories The first includes materials necessary for the study of Chaucer's works complete editions facsimiles studies of manuscripts canon and dating works on the poet's life language and learning and his sources and influences The second section covers Chaucer's works The third contains a selection of secondary works which provide information on the age and the culture in which Chaucer lived music the visual arts economics and politics rhetoric and poetics and sciences among the subjects included Most entries listed are in English but a few essential studies in French and German are included Items have been selected not only on the basis of quality but also for importance in the history of scholarship variety of approach and specific usefulness to students and beginners

**A Companion to Old and Middle English Literature** Laura Lambdin, Robert Thomas Lambdin, 2002-06-30 Many of the contributors to this companion teach English at American universities The volume which provides undergraduates with an overview of the field contains 19 chapters each describing a different genre including epic poetry chronicle Breton lay balladry and riddles The chapters include a short bibliography a more comprehensive bibliography appears at the end Annotation copyrighted by Book News Inc Portland OR

*Studies in English Philology, Linguistics and Literature* Mats Rydén, Lennart A. Björk, 1937

**Old and Middle English Literature** Jeffrey Helterman, Jerome Mitchell, 1994 Entries cover a millennium of literary activity from the coming of the Angles and the Saxons to England in 449 to about the year 1500 Reflects the multilingual nature of literature of the British Isles during the Middle Ages as well as the importance of Latin during the Old English period

Studying Chaucer Elisabeth Brewer, 1987 Studying Chaucer provides a background to Chaucer's complete works which will be of great value to students making a concentrated study of any of the individual poems or tales Few teachers or examiners would deny the advantages gained by students who are able to read around their subject and to relate their set books to a wider context but students faced with this task will

know the problems confronting them This Handbook offers guidance to the whole of Chaucer's output which will help to identify those texts relevant to the set books and to show how these relate to Chaucer's work as a whole It also gives an account of Chaucer's life and times his use of language and further hints for study BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **English from Caedmon to Chaucer** Terrie Curran, 2002

Traditionally texts on the history of the English language have approached the subject solely from the point of view of linguistics English from Caedmon to Chaucer goes one step further placing the language's rich history in a cultural context Curran discusses the impact of Germanic settlers Viking invaders and Norman conquerors on the culture and language of Britain and how these changes have impacted the literature of the English people throughout various periods in history She examines the language starting in the fifth century using a generous selection of excerpts from Old and Middle English works The texts accompanied by interlinear Modern English translations demonstrate the written language while traditional linguistic methodology establishes the language's sound patterns Readers of all backgrounds will better appreciate the rich literary tradition set by the master poets and prose writers of Old and Middle English Back cover      **The New Cambridge Bibliography of English Literature: 600-1660** George Watson, 1974      **Old and Middle English Poetry to 1500** Walter H. Beale, 1976      **Methods in Twentieth-century Chaucer Studies** Hendrik Haiko Dragstra, 1991      **Narrative Technique in John Lydgate's Fall of Princes** Christa T. McCay, 1972      **The English Dream Vision** J. Stephen Russell, 1988
