V. G. Kamath, 2012 An examination of medieval vernacular allegories across a number of languages offers a new idea of what authorship meant in the late middle ages The emergence of vernacular allegories in the middle ages recounted by a first person narrator protagonist invites both abstract and specific interpretations of the author s role since the protagonist who claims to compose the narrative also directs the reader to interpret such claims Moreover the specific attributes of the narrator protagonist bring greater attention to individual identity But as the actual authors of the allegories also adapted elements found in each other s works their shared literary tradition unites differing perspectives the most celebrated French first person allegory the erotic Roman de la Rose quickly inspired an allegorical trilogy of spiritual pilgrimage narratives by Guillaume de Deguileville English authors sought recognition for their own literary activity through adaptation and

translation from a tradition inspired by both allegories This account examines Deguileville's underexplored allegory before tracing the tradition's importance to the English authors Geoffrey Chaucer Thomas Hoccleve and John Lydgate with particular attention to the mediating influence of French authors including Christine de Pizan and Laurent de Premierfait Through comparative analysis of the late medieval authors who shaped French and English literary canons it reveals the seminal communal model of vernacular authorship established by the tradition of first person allegory Stephanie A Viereck Gibbs Kamath is Assistant Professor at the University of Massachusetts Boston *The Riverside Chaucer* Geoffrey Chaucer, Larry Dean Benson, 2008 The third edition of the definitive collection of Chaucer's Complete Works reissued with a new foreword by Christopher Cannon Since F N Robinson's second edition of the The Works of Geoffrey Chaucer was published in 1957 there has been a dramatic increase in Chaucer scholarship This has not only enriched our understanding of Chaucer's art but has also enabled scholars working for the first time with all the source material to recreate Chaucer's authentic texts For the third edition an international team of experts completely re-edited all the works added glosses to appear on the page with the text and greatly expanded the introductory material explanatory notes textual notes bibliography and glossary In short the Riverside Chaucer is the fruit of many years study the most authentic and exciting edition available of Chaucer's Complete Works **Chaucer and His French Contemporaries** James I. Wimsatt, 1991 *Critical Essays on Chaucer's Troilus and Criseyde and His Major Early Poems* C. **The Chaucer Review**, 2011 **The Theory and Practice of Translation in the Middle Ages** Rosalynn Voaden, 2003 The interest of the writers of these essays in the intricacies and implications of translation in the Middle Ages or of the translation of medieval texts in the modern period has resulted in a diverse and intellectually stimulating volume The papers in this volume written in either English French or Spanish approach translation from a wide variety of perspectives and offer a range of interpretations of the concept of translation The volume contains essays ranging in time from the Anglo Saxon period to the present and in topic from medieval recipe books to arguments in favour of women administering the sacrament Languages studied include non European languages as well as Latin and numerous European vernaculars as both source and target languages As any translator or student of translation quickly becomes aware it is impossible to divorce language from culture All the contributors to this volume struggle with the complexities of translation as a cultural act even when the focus would seem to be specifically linguistic It is these complexities which lend the study of the theory and practice of translation in the Middle Ages its enduring fascination Chaucer and the Shape of Creation Dr. Robert M. Jordan, 1967 **A Comparison of Some Middle English Romances with the Old French Antecedents** James Hartman Blessing, 1959 *Mediaevalia*, 1978 Chaucer Derek Brewer, 1973 Chaucer is the greatest English comic poet and also a great serious

poet His life was one of extraordinary richness and variety centered in the most brilliant court of the Europe of his day His activities as courtier soldier scholar civil servant and writer reveal the remarkable diversity of culture attainable in the late Middle Ages This book tells what is known about Chaucer's personal career from the most recently discovered sources and offers a critical examination of his poetry relating it to the religious intellectual social and other formative influences of the times For this the third edition the author has added a major new section which further explores the significance of Chaucer's work in the light of the criticism and research of the last twenty years much of it the author's own The result is a book which while scholarly is immensely readable and does much to place Chaucer and his writings in a true perspective revealing close parallels with our feelings about contemporary society Publisher *Non-European Women in Chaucer* Keiko Hamaguchi, 2006 Since Jeffrey Jerome Cohen edited *The Postcolonial Middle Ages* in 2000 some scholars have applied postcolonial criticism to the study of the Middle Ages However even in postcolonial studies of Chaucer the role of non European women in his work has not yet been fully discussed Using postcolonial theory the author explores how Chaucer represents non European women his Others both in gender and in culture Her examination of non European women in his work from a non Westerner's point of view reveals that his representation is complicated and ambivalent showing diverse views The ambivalence in Chaucer reflects his own complicated position as courtier soldier minor diplomat controller of customs and poet and also the fourteenth century's historical background and attitude **The Oxford Anthology of English Literature** Frank Kermode, John Hollander, 1973 A fully annotated two volume work which presents the major literary achievements of English writers from the medieval period to the twentieth century together with examples of art from each era **Paperbound Book Guide for Colleges**, 1964 **Chaucer's Mind and Art** Derek Brewer, 1970 Image Progressions in Chaucer's Poetry Lavon Buster Fulwiler, 1971
