Chaucer's Philosophical Visions Kathryn L. Lynch, 2000 New readings of Chaucer's dream visions demonstrating his philosophical interests and learning

The New Cambridge Bibliography of English Literature: Volume 1, 600-1660 George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

The Riverside Chaucer Geoffrey Chaucer, Larry Dean Benson, 2008 The third edition of the definitive collection of Chaucer's Complete Works reissued with a new foreword by Christopher Cannon. Since F. N. Robinson's second edition of *The Works of Geoffrey Chaucer* was published in 1957, there has been a dramatic increase in Chaucer scholarship. This has not only enriched our understanding of Chaucer's art but has also enabled scholars working for the first time with all the source material to recreate Chaucer's authentic texts. For the third edition, an international team of experts completely re-edited all the works, added glosses to appear on the page with the text, and greatly expanded the introductory material, explanatory notes, textual notes, bibliography, and glossary. In short, the *Riverside Chaucer* is the fruit of many years' study, the most authentic and exciting edition available of Chaucer's Complete Works

Breaching Boundaries Paul Maurice Clogan, 1994 *Medievalia et Humanistica* has won worldwide recognition as the first scholarly publication in America to devote itself exclusively to Medieval and Renaissance studies

Chaucer's Dream Visions Michael St. John, 2000 Specialists of Chaucer and his contemporaries will be the audience for this volume on the poet's use of Aristotelian psychology. Boethius, Dante, and French court poets to create aspects of courtly identity through language and experience. St. John, English U of Leicester, UK, provides detailed analyses of *The Book of the Duchess*, *House of Fame*, *Parliament of Fowls*, and *Legend of Good Women* to develop his case. He shows that Chaucer's use of the dream vision can be interpreted as an exploration of individual subjectivity in a social context, an expression of Chaucer's Christian beliefs, and his awareness of the dialogue courtly society engenders. Chaucer and the Ethics of Time Gillian Adler, 2022-02-15 Geoffrey Chaucer wrote at a

turning point in the history of timekeeping but many of his poems demonstrate a greater interest in the moral dimension of time than in the mechanics of the medieval clock Chaucer and the Ethics of Time examines Chaucer's sensitivity to the insecurity of human experience amid the temporal circumstances of change and time passage as well as strategies for ethicising historical vision in several of his major works While wasting time was sometimes viewed as a sin in the late Middle Ages Chaucer resists conventional moral dichotomies and explores a complex and challenging relationship between the interior sense of time and the external pressures of linearism and cyclicity Chaucer's diverse philosophical ideas about time unfold through the reciprocity between form and discourse thus encouraging a new look at not only the characters' ruminations on time in the tradition of St Augustine and Boethius but also manifold narrative sequences and structures including anachronism

Studies in the Age of Chaucer Frank Grady, 2005-10 *Studies in the Age of Chaucer* is the annual yearbook of the New Chaucer Society publishing articles on the writing of Chaucer and his contemporaries their antecedents and successors and their intellectual and social contexts More generally articles explore the culture and writing of later medieval Britain 1200-1500 Each SAC volume also includes an annotated bibliography and reviews of Chaucer-related publications

Chaucer on Love, Knowledge, and Sight Norman Klassen, 1995 The author argues that Chaucer is unorthodox in exploiting the possibilities for using sight both to express emotional experience and to accentuate rationality at the same time The conventional opposition of love and knowledge in the phenomenon of love at first sight gives way in Chaucer's development of love knowledge and sight to a symbiosis in his love poetry

A Concise Companion to Chaucer Corinne Saunders, 2008-04-15 This concise companion provides a succinct introduction to Chaucer's major works the contexts in which he wrote and to medieval thought more generally Opens with a general introductory section discussing London life and politics books and authority manuscripts and readers Subsequent sections focus on Chaucer's major works the dream visions *Troilus and Criseyde* and *The Canterbury Tales* Essays highlight the key religious political and intellectual contexts for each major work Also covers important general topics including medieval literary genres dream theory the Church gender and sexuality and reading Chaucer aloud Designed so that each contextual essay can be read alongside one of Chaucer's major works

Chaucer from Prentice to Poet Edward I. Condren, 2008 This book corrects the traditional interpretations of Geoffrey Chaucer s early poems providing new readings of the three dream visions and Troilus and Criseyde

Chaucer and the Making of Optical Space Peter Brown, 2007 The author links Chaucer s writings with the medieval optical tradition in its various forms scholastic texts encyclopedias exempla vernacular poetry both in general cultural terms and through the discussion of specific examples He shows how the science of optics or perspectiva provides an account of spatial perception including visual error and demonstrates how these aspects of optical theory impact on Chaucer s poetry He provides detailed and sustained analysis of the spatial content of narratives across the range of Chaucer s works relating them to optical ideas and making use of Lefebvre s theory of the production of space The texts discussed include the Book of the Duchess House of Fame Knight s Tale Miller s Tale Reeve s Tale Merchant s Tale Squire s Tale and Troilus and Criseyde
