Chaucer's Translation of Boethius's The Consolation of Philosophy, 2023-07-24 This edition offers you the first Modern English version of Chaucer's only previously untranslated major work Boece Boece is Chaucer's Middle English translation of the 6th century CE philosopher Boethius s The Consolation of Philosophy For over a thousand years The Consolation underpinned Christian understanding of Fate Fortune Free Will and Divine Providence and its ideas influenced Chaucer's major works While many editions offer a Modern English translation from the original Latin this edition gives you an approachable version of Chaucer's translation and puts you face to face with his phrasings and emendations Here the father of English poetry's voice finally speaks up so you can enjoy his poetic turns and even track where the language from Boece echoes in The Canterbury Tales and Troilus and Criseyde Chaucer's Translation of Boethius's "De Consolatione Philosophiae" Anicius Manlius Severinus Boethius, 1868 Chaucer's Boece and the Medieval Tradition of Boethius Alastair J. Minnis, 1993 Chaucer's translation of Boethius work is related to medieval intellectual culture with attention to Trevet's Boethius commentary This collection seeks to locate the Boece within the medievaltradition of the academic study and translation of the Consolatiophilosophiae thereby relating the work to the intellectual culturewhich made it possible It begins with the fullest study yet undertakenof the Boethius commentary of Nicholas Trevet this being a majorsource of the Boece There follow editions and translations of the major passages in Trevet's commentary where Neoplatonic issues are confronted then Chaucer's debt to Trevet is assessed in a detailed review. The many choices which faced Chaucer as a translator are indicated and the Boeceis placed in a long line of interpreters of Boethius in which both Latin commentators and vernacular translators played their parts Finally a view is offered of the Boece as an example of late medieval academic translation if the Boeceis assigned to this genre it may be judged a considerable success
