Sankar Ray, Shaibal Gupta

Che El Camino Del Fuego:

Che Guevara H. Yaffe, 2009-02-25 Che Guevara remains an iconic figure four decades after his death Yet his most significant contribution his work as a member of the Cuban government is rarely discussed This book explores his impact on Cuba's economy through fascinating new archival material and interviews **Probings and Re-Probings** Sankar Ray, Shaibal Gupta, 2021-11-01 Controversy was the breath of Marx s life and he revelled in it We are therefore not at all apologetic wrote Puran Chand Joshi in the preface to Karl Marx A Symposium published in 1968 commemorating the 150th birth anniversary of Marx adding further It is in the best Indian tradition to operate with belief and hope that it is only through the clash of ideas that truth emerges At a time when a Marxian renaissance has been taking place in academia Joshi s words reverberate with a new vitality an evanescence of official Marxism and official Marxist parties notwithstanding There is no denying that the so called Marxists now pay dearly for wavering between a rather mechanistic interpretation of crisis and its opposite the conviction that capitalism could only be overcome by an act of will This book is the outcome of an international conference on Karl Marx organised by ADRI in Patna between June 16 and 20 2018 keeping the new Marxian reality in mind Over 50 scholars from across the world sent papers to the Conference covering topics such as economics politics society philosophy etc ADRI welcomed them with an open mind in sync with the Marxian reawakening that treats Marx historically and critically This book is co published with Aakar Books New Delhi Taylor Francis does not sell or distribute the print versions of this book in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka **Cooperatives and** Socialism Camila Piñeiro Harnecker, 2012-11-29 This book demonstrates that the cooperative model is based on principles essential to building a more just and democratic society It is argued that this is the best economic reform alternative to neoliberal capitalism and authoritarian socialism in Cuba and that this model can also radically transform other economies around the world Encyclopedia of the Cold War Ruud van Dijk, William Glenn Gray, Svetlana Savranskaya, Jeremi Suri, Qiang Zhai, 2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the USSR dominated world politics This period was called the Cold War a conflict that stopped short to a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945 1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day

Leadership in the Cuban Revolution Antoni Kapcia, 2014-09-11 Most conventional readings of the Cuban Revolution have seemed mesmerised by the personality

and role of Fidel Castro often missing a deeper political understanding of the Revolution's underlying structures bases of popular loyalty and ethos of participation In this ground breaking work Antoni Kapcia focuses instead on a wider cast of characters Along with the more obvious albeit often misunderstood contributions from Che Guevara and Ra l Castro Kapcia looks at the many others who over the decades have been involved in decision making and have often made a significant difference He interprets their various roles within a wider process of nation building demonstrating that Cuba has undergone an unusual if not unique process of change Essential reading for anyone interested in Cuba's history and its future **Casa de las Américas** Casa de las Américas,2007 **Che Guevara** Oliver Besancenot, Michael Löwy,2009-02 In this masterful new study Besancenot and Lowy explore and situate Guevara's ethical revolutionary and humanist legacy They explicate Guevara's emphasis on the import of the individual coming to understand and accept socialism at a personal level For Guevara Besancenot and Lowy show the revolutionary project demands more than a transformation of the mode of production it demands a profound transformation of the individual the birth of what Guevara termed the new man Besancenot and Lowy also explore Guevara's pragmatic approach to the question of state power and unique theoretical contributions to the question of the transition to socialism from Amazon editorial review *Casa de las Américas* ,2007
