Antiquarian Bookman ,1958 *The Emergence of the New South, 1913-1945* George Brown Tindall,1967-11-01 The history of the South in this century has been obscured in the ever growing mass of information about the region s rapid change and turbulent development In this book Volume X of A History of the South the historical image of the modern South is brought into full focus for the first time George Brown Tindall presents a thorough and well balanced historical narrative of the region during the years 1913 1945 when the South underwent a transformation from a predominantly agricultural area to one of growing industrialization The inauguration of President Woodrow Wilson ended a half century of political isolation for the South and ushered in an era of agrarian reforms prohibition woman suffrage industrial growth and recurring crises for Southern farmers During the 1920 s the South was caught in a contrast of urban booms and farm distress There were flareups of racial violence and the Ku Klux Klan was revived Mr Tindall devotes considerable attention to the Southern literary renaissance which produced William Faulkner Thomas Wolfe and many other notable writers and critics The Emergence of the New South provides a new understanding of the changing political and social climate in the South under the stresses of depression the New Deal the labor movement Negro unrest and two world wars American Book Prices Current ,1992 A record of literary properties sold at auction in the United States Bankers Magazine ,1923 *Gathering Storm* Myra Page,2025-10-01 This novel is one of the most clear eyed and compelling works of the Great Depression As Marge Crenshaw grows up in the cotton mills she learns to fight the forces of racial sexual and class oppression that hold her her family and her community back With her brother Tom who has joined the Communist Party Marge eventually becomes a union organizer who leads the famous strike at Loray Mill in Gastonia North Carolina a real life strike in 1929 that claimed numerous lives including that of organizer and songwriter Ella May Wiggins Myra Page was an active member of the Communist Party and *Gathering Storm* stands out from other Gastonia novels because it was printed in the Soviet Union Yet this is not a novel about outsider agitators infiltrating a peaceful Southern town Page was born in Virginia and worked as a labor organizer throughout the South And as Marge s heart wrenching story demonstrates the fight against the forces of capitalist exploitation and inequality was entirely homegrown *Gathering Storm* is a bona fide Communist novel but with the story of Marge and her family at its heart it is also a deeply intimate novel that proves the personal is always political
