**Character Counts** Os Guinness,1999-03-01 The inspiring stories of four public figures who displayed strength of character in the face of adversity enabling them to change the world      **In Pursuit of Moral Political Leadership** Glen M. E. Duerr,Mark Caleb Smith,Justin D. Lyons,2025-09-18 This book examines political leadership utilizing a worldview centered on the Bible There are eleven substantive case study chapters that cover a wide swath of famous political leaders across multiple centuries and in several different national contexts within systems that diverge widely In Pursuit of Moral Political Leadership sets the objective of investigating moral leadership knowing that every human being has their flaws and shortcomings yet pursues strong leadership for the betterment of their respective polities Notably each author assesses the strengths and weaknesses of each leader but also analyzes the institutional constraints on their decision making that help to provide a fuller picture of their leadership legacies Utilizing diverse scholars from Cedarville University s Department of History and Government the book features chapters on Oliver Cromwell Edmund Burke George Washington Winston Churchill Syngman Rhee J Edgar Hoover Martin Luther King Jr Margaret Thatcher Benjamin Netanyahu as well as two comparative chapters on i Jimmy Carter and Ronald Reagan and ii George W Bush Tony Blair and Stephen Harper      The Eloquence of Truth Father Ralph Wright,2011-10 In The Eloquence of Truth Ralph Wright OSB uses poetry prose and authoritative teaching to address such egregious issues as abortion euthanasia and slavery Using these art forms he make readers aware of Truth and how that truth affects our freedom in every day life Truth alone he stresses can guarantee respect for the inalienable dignity and rights of each man woman and child in our world including the most defenseless of all human beings the unborn child in the mother s womb His main message in Eloquence is to show us the immeasurable value of each human being in the eyes of God and he prays that fellow human beings will realize the truth about the almost divine dignity of humankind also realizing that this dignity subsists in us from the moment we are conceived      *Rooted Leadership* John Johnson,2022-06-14 Behind many of the challenges facing us today is a failure of leadership This is not a new problem Yearning for wise guidance and effective authority is a perennial human longing We need leaders who are credible competent and committed But many leaders seem to be caught up even consumed with their own power and agendas Some see the leadership crisis as an intellectual problem believing we lack a clear theory of leadership Others view the breakdown of leadership as a result of increasing deficiency in moral character Most leadership books today revolve around the concepts of motivation inspiration empowerment and teamwork Helpful as these themes might be they miss something more fundamental Leadership needs a theological foundation that will be useful for shaping the undergirding principles and evaluating current leadership theories and practices We need to view leadership from the vantage point of God In Rooted Leadership John E Johnson explores how Christian theology provides an overarching leadership framework and applies that theory to leadership practices Spiritual reflection guided by scripture points us to the very center of leadership God and the

purpose of leadership that we might display his glory All the best forms of leading take their cues from who God is his purposes and his ways of working with people that he has progressively revealed Building on three decades of research study and experience as a global leader Johnson surveys the landscape of contemporary leadership theory unpacks the assumptions and beliefs that underly current trends and responds by offering a robust approach to leadership founded on the character work and words of God

**What's Best Next** Matt Perman, 2014-03-04 By anchoring your understanding of productivity in God's plan What's Best Next gives you a practical approach for increasing your effectiveness in everything you do There are a lot of myths about productivity what it means to get things done and how to accomplish work that really matters In our current era of innovation and information overload it may feel harder than ever to understand the meaning of work or to have a sense of vocation or calling So how do you get more of the right things done without confusing mere activity for actual productivity Matt Perman has spent his career helping people learn how to do work in a gospel centered and effective way What's Best Next explains his approach to unlocking productivity and fulfillment in work by showing how faith relates to work even in our everyday grind What's Best Next is packed with biblical and theological insight and practical counsel that you can put into practice today such as How to create a mission statement for your life that's actually practicable How to delegate to people in a way that really empowers them How to overcome time killers like procrastination interruptions and multitasking by turning them around and making them work for you How to process workflow efficiently and get your email inbox to zero every day How to have peace of mind without needing to have everything under control How generosity is actually the key to unlocking productivity This expanded edition includes a new chapter on productivity in a fallen world a new appendix on being more productive with work that requires creative thinking Productivity isn't just about getting more things done It's about getting the right things done the things that count make a difference and move the world forward You can learn how to do work that matters and how to do it well
