Operation Eagle Claw 1980 Justin W. Williamson, 2020-03-19 Following months of negotiations after the seizure of the US Embassy in Tehran on 4 November 1979 President Jimmy Carter ordered the newly formed Delta Force to conduct a raid into Iran to free the hostages The raid Operation Eagle Claw was risky to say the least US forces would have to fly into the deserts of Iran on C 130s marry up with carrier based RH 53D helicopters fly to hide sites near Tehran approach the Embassy via trucks seize the Embassy and rescue the hostages board the helicopters descending on Tehran fly to an airbase captured by more US forces and then fly out on C 141s and to freedom Unfortunately and unsurprisingly given the complexity of the mission things went wrong from the start and when the mission was called off at the refueling site at Desert One the resulting collision between aircraft killed eight US personnel This title tells the full story of this tragic operation supported by maps photographs and specially commissioned bird s eye views and battlescenes which reveal the complexity and scale of the proposed rescue and the disaster which followed

Rattler One-Seven Chuck Gross, 2006-06-13 *Rattler One Seven* puts you in the helicopter seat to see the war in Vietnam

through the eyes of an inexperienced pilot as he transforms himself into a seasoned combat veteran At the age of twenty Chuck Gross spent his 1970-71 tour with the 71st Assault Helicopter Company flying UH-1 Huey helicopters He inserted special operations teams into Laos and participated in Lam Son 719 a misbegotten attempt to assault and cut the Ho Chi Minh Trail during which his helicopter was shot down and he was stranded in the field **Vietnam Helicopter Crew**

Member Stories H. D. Graham, 2018-06-21 This book is a collection of fascinating short stories photos and documents furnished by the heroic and courageous men that served as air or ground crew members in Vietnam The chopper units were located throughout Vietnam During the course of the war we lost at least 5,139 helicopter aircrew members and at least 588 ground support crew members In fact the true number of helicopter air and ground crew members killed or missing in action will probably never be known Those crew members accounted for a large percentage of all the enemies killed during the war Those courageous men were American heroes then and will always be American heroes Kosovo Air Operations United

Apache Helicopter, 2001 **First in Vietnam** Emmett F. Knight, 2014 This book is about the continuation of someone else's war and the very early days in the assumption of that war by the United States of America It is set against the beginning of a major expansion of our advisory effort supporting the South Vietnamese Government which was fighting against an expanding guerrilla war supported by the communist North North Vietnam was in turn supported by both China and Russia thus setting the stage for an essentially no-win situation The geopolitical problem was of course of limited concern to most of those soldiers who fought there including the men of the 57th Transportation Helicopter Company As conditions worsened they just went out and flew the missions including the first heliborne assault of the war and for a year afterward In words written at the time this was a period when they were not going by the book they were writing the book on helicopter combat operations This is their story as told by the operations officer that led the flying activity in the unit It is a description of the training deployment and first missions in Vietnam It recounts the serious aspects encountered in the early days but it also tells of the accidents incidents and the humorous side of things that are often left out of wartime accounts There are chapters about dealing with the United States Air Force and the United States Marine Corps as they entered the fray Not the least of the story has to do with the interaction between the author and some of the more senior officers involved in the war at that time In those cases the author often contradicts the official view and draws uncomplimentary conclusions about their conduct and eventual impact on the Vietnam War
