Chariots Of The Gods The Mystery Continues:

From Adam to Omega A.R. Roberts,2020-09-24 Due to government secrecy the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes They never heard about UFO encounters reported by police officers civilian and military pilots and astronauts and they were never told the real facts of the Roswell event The volume of evidence suggesting we are not alone and probably never have been is overwhelming It suggests an alien agenda to accelerate the evolution of the human race To understand what is happening requires knowledge of what is going on today as well as the past particularly during the biblical era Much has been learned through the Freedom of Information Act from whistleblowers and government and military officials This book connects the dots suggesting what aliens have been doing for the past several thousand years Prehistoric Humans in Film and Television Michael Klossner,2015-01-09 From the early days of the movies cavemen have been a popular subject for filmmakers not surprisingly since the birth of cinema occurred only a few decades after the earliest scientific studies of prehistoric man Filmmakers however were not constrained by the emerging science instead they most often took a comedic look at prehistory a trend that continued throughout the 20th century Prehistoric humans also populated adventure fantasy films with the original One Million B C 1940 leading the charge Documentaries were also made but it was not until the 1970s that accurate film accounts of prehistoric humans finally emerged This exhaustive work provides detailed accounts of 581 film and television productions that feature depictions of human prehistory Included are dramas and comedies set in human prehistory documentaries and films and television shows in which prehistoric people somehow exist in historical periods from the advent of civilization up to the present or in extraterrestrial settings Each entry includes full filmographic data including year of release running time production personnel cast information and format A description of each film provides background on the prehistoric elements Contemporary critical commentary is included for many of the works The Search for "reality" Michael Tobias,1998 This ambitious book from author producer and director Michael Tobias draws together the voices of 40 renowned documentary filmmakers from around the world These contributors shed unique light on contemporary culture and aesthetics the filmmaker s commitment to the documentary form and the documentary production process from concept to marketplace They also probe provocative questions What is reality in a documentary Can and should there be objectivity in a documentary What is the role of social advocacy in a documentary How do new production technologies affect a documentary s message This is the first book that brings together an international roster of documentary filmmakers to speak about the very heart and soul of their art It should prove to be an invaluable guide for both professionals and students and will appeal to general filmgoers as well Chariots of the Gods [videorecording] : Mysteries Continue ,1997 **UFO Nexus: A Journey into Alien Realms and Cosmic Secrets** Anthony F.
