Charismatics and Postmodernity [itesh K. Patel, 2025-09-05 Is charismatic renewal a bit too much like postmodernism With its multiple ways of knowing what is true touchy feely and pragmatic with an emphasis on personal story and community why does it look like something dreamt up by postmoderns longing for a church befitting their ideals This book explores these questions by investigating an example of charismatic renewal the Charismatic Movement in the Church of England leading to some surprising results Appearances can be deceiving and what seems postmodern about charismatic renewal is a complex mix of modernism reactions to modernism and a longing to go back to a time before modernism reared its head Jitesh Patel helps show how renewal s ongoing life has much still to contribute to the wider church s life once it recognizes the strengths and weaknesses of how it has formed in the context of modernism and the chapters herein illuminate what its future could look like as a result Charismatic Renewal and Pentecostalism Isidore Iwejuo Nkwocha, 2021-09-30 The Holy Spirit is a sine gua non in the life of the church and in all Christian life and experience The importance of the experiential and praxis oriented theology of the Charismatic Renewal and Pentecostalism cannot be overemphasized in the realization of the potentials of a Spirit animated church In fact Charismatic Renewal in the Nigerian Catholic Church is an essential part of the changing face of the Catholic Church in Nigeria This work is therefore using Charismatic and Pentecostal theology and praxes to argue for the renewal of the Nigerian Catholic Church It avers that the praxis oriented and experiential theology of the Charismatics and Pentecostals which characterize them as Spirit filled groups and churches are enabling the Nigerian Catholic Church to realize the potentials of a Spirit driven church It upholds that the Nigeria Catholic Church through the Nigerian Catholic Charismatic Renewal which is an indispensable part of the changing face of the Catholic Church in Nigeria has wittingly or unwittingly begun the renewal of her pneumatological ecclesiological and liturgical doctrines and practices in accord with those of a truly Spirit animated church The Charismatic Leadership Phenomenon in Radical and Militant Islamism Haroro J. Ingram, 2016-03-23 Haroro J Ingram journeys through over a century of history from the Islamist modernists of the late 1800s into the 21st century in the first full length examination of the charismatic leadership phenomenon in Islamist radicalism and militancy Exhaustively researched and founded upon a suite of innovative multidisciplinary paradigms this book features case studies of Hassan al Banna Sayyid Qutb Abdullah Azzam Osama Bin Laden and Anwar al Awlaki At a micro level Ingram argues that charismatic leaders act as vehicles for the evolution of modern Islamist radicalism and militancy At a macro level he argues that the transformative charisma phenomenon in Islamist radicalism and militancy produces complex chains of charismatic leaders as individual figures rise by leveraging to varying degrees the charismatic capital of preceding charismatic leaders Within these case studies Ingram offers new approaches to understanding the nuances of these complex phenomena from his ideal types of charismatic leadership in Islamist militancy spiritual guides charismatic leaders and neo charismatic leaders to his framing of al Qaeda as a charismatic adhocracy The result is an authoritative analysis of a phenomenon largely ignored by scholars of both charismatic leadership and Islamism Ultimately this ground breaking investigation offers important insights into the complex nuances that drive the rise and evolution of not only Islamist militancy but radical and militant groups more broadly
