PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is depend ent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is

said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing **Light on the Indian World** Charles Alexander Eastman,2002 By the first Native American author to live simultaneously in both the traditional world of the Sioux and modern white civilization The Essential Writings of Charles Eastman Charles A. Eastman,2018-11-02 This carefully edited Charles Alexander Eastman collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices Charles Alexander Eastman 1858 1939 was a physician writer national lecturer and reformer Eastman was of Santee Dakota English and French ancestry After working as a physician on reservations in South Dakota he became increasingly active in politics and issues on Native American rights he worked to improve the lives of youths and founded thirty two Native American chapters of the Young Men s Christian Association He also helped found the Boy Scouts of America He is considered the first Native American author to write American history from the Native American point of view Contents Indian Boyhood Indian Heroes and Great Chieftains The Soul of the Indian From the Deep Woods to Civilization **From the Deep Woods to Civilization** Charles Alexander Eastman,2014-08-07 This Is A New Release Of The Original 1916 Edition **In the Beginning, the Sun** Charles Alexander Eastman,2023-04-18 A never before published book by famed Native American author Charles Eastman recounts the stories of the Dakota creation cycle as they were told a century and a half ago In the 1860s and 1870s the boy who would become known as Charles Eastman was growing up in a Dakota community in Canada On long winter evenings he listened to elder Smoky Day tell the twelve legends of the Dakota creation cycle They include stories of the marriage of the Sun and the Moon the parents of all living things the animal tribes and their councils the misdeeds of the trickster Unktomi the education of the first human Waceheska the war that Unktomi fomented between Waceheska and the animals and much more These stories told of how humans won the right to use the bodies of animals for their needs but only if they respect the animals spirits and do not destroy them wantonly In the 1880s as a young man at college Eastman wrote down the twelve stories Shortly before his death in 1939 he revised the text for publication but no book was ever released For more than 80 years this manuscript written by one of the best known and most prolific Native American writers of the early twentieth century remained unpublished In this new publication descendants of Charles and his brothers John and David Eastman have come together to present this remarkable work more than eight decades after its completion Five Eastman descendants contribute essays that offer new and personal perspectives on Charles Eastman s life and family his work as an Indigenous artist and writer and the impact of these stories on today s Dakota communities *Indian Boyhood* Charles A. Eastman,1911 A Sioux Indian describes his childhood experiences and training as a warrior in the 1870 s and 1880 s until he was taken to live in the white man s world at age 15
