

A still life painting of a desk. In the foreground, a silver inkwell with a quill pen inside sits on a dark surface. To its right is a silver candlestick holding a single candle. A large, open book with a dark cover is visible on the right side of the desk. The background is a soft, hazy blue with faint, illegible cursive handwriting, suggesting a letter or manuscript. The overall mood is quiet and scholarly.

That Dangerous Figure Joseph E. Riehl,1998 The English poet Charles Lamb 1775 1834 stimulates reactions that often lie outside the boundaries of literary criticism reactions that are often motivated by ideological cultural or political concerns He poses particularly difficult even unanswerable questions that often provoke intemperate anger or great affection in readers Historically the first critical misunderstanding of Lamb is to see him as a radical later he is canonized a domestic saint in the 1930s he is a reactionary bourgeois More recently he is understood as a conscious artist first by New Critics as a transcendent optimist then in the post structuralist version as a tormented soul creating his artifice out of the limitations of human life This study a comprehensive history of reactions to Lamb proposes

that perhaps Lamb is a literary trickster who delights in raising just those contradictions of modern life which those who attempt a systematic style of criticism would like to ignore      *Dream-Child* Eric G.
