The Flight Dan Hampton,2017-05-16 GRIPPING AN HOUR BY HOUR ACCOUNT WALL STREET JOURNAL From one of the most decorated pilots in Air Force history comes a masterful account of Lindbergh's death-defying nonstop transatlantic flight in *Spirit of St Louis* On the rainy morning of May 20 1927 a little-known American pilot named Charles A. Lindbergh climbed into his single-engine monoplane *Spirit of St Louis* and prepared to take off from a small airfield on Long Island New York Despite his inexperience the twenty-five-year-old Lindbergh had never before flown over open water he was determined to win the \$25,000 Orteig Prize promised since 1919 to the first pilot to fly nonstop between New York and Paris a terrifying adventure that had already claimed six men's lives Ahead of him lay a 3,600-mile solo journey across the vast North Atlantic and into the unknown his survival rested on his skill courage and an unassuming little aircraft with no front window Only 500 people showed up to see him off Thirty-three and a half hours later a crowd of more than 100,000 mobbed *Spirit* as the audacious young American touched down in Paris having achieved the seemingly impossible Overnight as he navigated by the stars through storms across the featureless ocean news of his attempt had circled the globe making him an international celebrity by the time he reached Europe He returned to the United States a national hero feted with ticker-tape parades that drew millions bestowed every possible award from the Medal of Honor to Time's Man of the Year the first to be so named commemorated on a U.S. postage stamp within months and celebrated as the embodiment of the twentieth century and America's place in it Acclaimed aviation historian Dan Hampton's *The Flight* is a long-overdue flyer's-eye narrative of Lindbergh's legendary journey A decorated fighter pilot who flew more than 150 combat missions in an F-16 and made numerous transatlantic crossings Hampton draws on his unique perspective to bring alive the danger uncertainty and heroic accomplishment of Lindbergh's crossing Hampton's deeply researched telling also incorporates a trove of primary sources including Lindbergh's own personal diary and writings as well as family letters and untapped aviation archives that fill out this legendary story as never before

Christ Lindbergh defies conventional categories But spirituality undoubtedly mattered to him a great deal Influenced by his wife Anne Morrow Lindbergh a self described lapsed Presbyterian who longed to live in grace and friends like Alexis Carrel a Nobel Prize winning surgeon eugenicist and Catholic mystic and Jim Newton an evangelical businessman he spent much of his adult life reflecting on mortality divinity and metaphysics In this short biography Christopher Gehrz represents Lindbergh as he was neither an adherent nor an atheist a historical case study of an increasingly familiar contemporary phenomenon the spiritual but not religious For all his earnest curiosity Lindbergh remained unwilling throughout his life to submit to any spiritual authority beyond himself and ultimately rejected the ordering influence of church tradition scripture or creed In the end the man who flew solo across the Atlantic insisted on charting his own spiritual path drawing on multiple sources in such a way that satisfied his spiritual hunger but left some of his cruelest convictions unchallenged
