Gehrz,2021-08-17 The narrative surrounding Charles Lindbergh s life has been as varying and complex as the man himself Once best known as an aviator the first to complete a solo nonstop transatlantic flight he has since become increasingly identified with his sympathies for white supremacy eugenics and the Nazi regime in Germany Underexplored amid all this is

Lindbergh's spiritual life What beliefs drove the contradictory impulses of this twentieth century icon An apostle of technological progress who encountered God in the wildernesses he sought to protect an anti-Semitic opponent of US intervention in World War II who had a Jewish scripture inscribed on his gravestone and a critic of Christianity who admired Christ Lindbergh defies conventional categories But spirituality undoubtedly mattered to him a great deal Influenced by his wife Anne Morrow Lindbergh a self-described lapsed Presbyterian who longed to live in grace and friends like Alexis Carrel a Nobel Prize-winning surgeon eugenicist and Catholic mystic and Jim Newton an evangelical businessman he spent much of his adult life reflecting on mortality divinity and metaphysics In this short biography Christopher Gehrz represents Lindbergh as he was neither an adherent nor an atheist a historical case study of an increasingly familiar contemporary phenomenon the spiritual but not religious For all his earnest curiosity Lindbergh remained unwilling throughout his life to submit to any spiritual authority beyond himself and ultimately rejected the ordering influence of church tradition scripture or creed In the end the man who flew solo across the Atlantic insisted on charting his own spiritual path drawing on multiple sources in such a way that satisfied his spiritual hunger but left some of his cruelest convictions unchallenged
