The Culture and Commerce of the Early American Novel Stephen Shapiro, 2010-11 Taking his cue from Philadelphia born novelist Charles Brockden Brown s Annals of Europe and America which contends that America is shaped most noticeably by the international struggle between Great Britain and France for control of the world trade market Stephen Shapiro charts the advent decline and reinvigoration of the early American novel That the American novel sprang so unexpectedly into published existence during the 1790s may be a symptom of the beginning of the end of Franco British supremacy and a reflection of the power of a middle class riding the crest of a new world economic system Shapiro s world systems approach is a relatively new methodology for literary studies but it brings two particularly useful features to the table First it refines the conceptual frameworks for analyzing cultural and social history such as the rise in sentimentalism in relation to a long wave economic history of global commerce second it fosters a new model for a comparative American Studies across time Rather than relying on contiguous time a world systems approach might compare the cultural production of one region to another at the

same location within the recurring cycle in an economic reconfiguration Shapiro offers a new way of thinking about the causes for the emergence of the American novel that suggests a fresh way of rethinking the overall paradigms shaping Wieland; Or, the Transformation, by Charles Brockden Brown Charles Brockden Brown, 2016-05-07 Wieland or The Transformation An American Tale usually simply called Wieland is the first major work by Charles Brockden Brown First published in 1798 it distinguishes the true beginning of his career as a writer Wieland is the first and most famous American Gothic novel It has often been linked to Caleb Williams by William Godwin Godwin s influence is clear but Brown s writing is unique in its style Wieland is often categorized under several subgenres other than gothic fiction Set sometime between the French and Indian War and the American Revolutionary War Wieland details the horrible events that befall Clara Wieland and her brother Theodore s family Clara and Theodore s father was a German immigrant who founded his own religion he came to America just before the American Revolution with the conviction to spread his religion to the indigenous people When he fails at this task he believes he has also failed his deity One night as he worships in his bare reclusive temple he seems to spontaneously combust after which his health rapidly deteriorates and he dies His children inherit his property which is divided equally between them Theodore marries their childhood friend Catharine Pleyel and they have four children Soon Theodore begins to hear voices and Catharine's brother Henry Pleyel begins to hear them too Though at first doubtful of the voices that the men claim to hear Clara also begins to hear a strange voice The mysterious Carwin appears on the scene and suggests that the voices may be caused by human mimicry Clara is secretly in love with Pleyel and makes a plan to tell him so however her chance is ruined When she returns home she finds Carwin hiding in her closet He admits he had been planning to rape Clara but believing her to be under the protection of a supernatural force leaves her The next morning Pleyel accuses Clara of having an affair with Carwin He leaves guickly without giving Clara enough time to defend herself She decides to go to see Pleyel to tell him he is mistaken but he does not seem to believe her On her way home Clara stops to visit her friend Mrs Baynton where Clara finds a letter from Carwin waiting for her which requests an audience with her At Theodore s house Clara finds that everyone seems to be asleep so she continues on to her own home where she is to meet with Carwin When she arrives there are strange noises and lights and she sees a glimpse of Carwin s face In her room she finds a strange letter from Carwin and Catharine in her bed dead Shocked she sits in her room until Theodore arrives and threatens Clara When he hears voices outside he leaves Clara unharmed Clara learns that Theodore's children and Louisa Conway have also been killed Clara falls ill later she is able to read the murderer's testimony The killer is her brother Theodore He claims to have been acting under divine orders Clara is sure that Carwin is the source of Theodore's madness Carwin reveals to Clara that he is a biloquist He was the cause of most of the voices but he claims that he did not tell Theodore to commit the murders Wieland having escaped from prison arrives at Clara's house and tries to kill her Carwin uses his ability to tell Theodore to stop He says that Theodore should not have

listened to the voices and Theodore suddenly comes to his senses He kills himself full of remorse for what he has done Clara refuses to leave her house until it burns down one day She then goes to Europe with her uncle and eventually marries Pleyel Apparently the novel was based on the true story of murders which took place at Tomhannock New York a hamlet near Pittstown in 1781 Gale Researcher Guide for: Charles Brockden Brown and American Gothic Bridget McFarland, Gale Researcher Guide for Charles Brockden Brown and American Gothic is selected from Gale s academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research Charles Brockden Brown's Edgar Huntly: The American Individual in an Age of Transition Natalie Lewis, 2006-06-06 Seminar paper from the year 2004 in the subject American Studies Literature grade 1 0 Free University of Berlin course American Literature in the 18th Century Early American Novel language English abstract The beginnings of an independent American prose fiction lie in the post revolutionary era of the early American republic In the process of claiming its political freedom from Great Britain and displacing the old patriarchal order the nation had asserted the principle of individualism According to the Declaration of Independence the chief task of a democratic government was to secure each man's right to life liberty and the pursuit of happiness However despite this stable foundation of revolutionary ideals the United States faced severe political and social struggles in achieving a balance between the interests of the individual citizen and public welfare During the 1780s and 1790s America underwent a remarkable socioeconomical transformation In the face of an expanding liberal market capitalism a controversy between agriculture and industry began to develop A traditional land based class stood in opposition to a newly emerging liberal money based society Popular interests drifted apart and manifested themselves in the bitter party struggle between Federalists and Republicans While the first argued for governmental control of individualism and encouraged the growth of commerce and manufacturing the latter favored an agrarian ideal and aimed at limiting governmental intervention to promote personal freedom and individualism Charles Brockden Brown, a Reference Charles Brockden Brown's Revolution and the Birth of American Gothic Peter **Guide** Patricia L. Somnambulism yet remains a relatively obscure and unexplored narrative The goal of this paper is to bring fourth its literary relevance within the context of the American Gothic Fiction by analyzing the occurrence narrative usage and effect of Gothic elements in Brown's fragment Somnambulism By doing so I will firstly give a short overview about its publishing history followed by a brief excursion to the definition of short story to underline that Brown's account is both short and Gothic story The definition of the Gothic Fiction describes the historical development of the Gothic story explaining its relevance in the American context and broaching Brown's political use of the Gothic mode Finally the main body of this paper will demonstrate the comprised gothic elements of the story exemplifying the constantly rising construction of horror through the lovelorn protagonist's sick double mental existence and the sinister description of his counterpart Nick Handyside Edgar Huntly Charles Brockden Brown, 1973-12 Charles Brockden Brown s Edgar Huntly written in 1799 is the most ambitious work by America's first important novelist Not only a complex and challenging novel in its own right it distinctively foreshadows the concern with depth psychology in later American fiction from Poe to Faulkner as well as the scientific discoveries of Freud himself Set in rural Pennsylvania the story recounts the fate of young Edgar Huntly as he goes in search of the murderer of his fiance s brother Once he believes he has discovered the killer sleepwalking at the scene of the crime he pursues the man relentlessly and then obsessively until it becomes clear to Brown's readers that Huntly is driven by motives buried deep within his subconscious Though much of what occurs in Edgar Huntly may have escaped Brown s own understanding and intentions he was certainly conscious of having presented a particularly American version of the classic gothic novel
