Cerrillo Torremocha, Elisa Larrañaga Rubio, 2004 La lectura para nosotros posee un valor por sí misma pero además las lecturas están impregnadas de valores que el autor transporta a su texto Sabemos que es el lector quien activa el significado de una historia dando forma a su contenido quien da vida a partir de sí mismo a los personajes y a los hechos que otro el

escritor le ofrece Por ello nos parece tan importante realizar estudios sobre cuáles es el contenido de los textos que característicos tienen los valores que están incluidos en ellos y no nos parece menos importante comprender los complejos procesos que tienen lugar cuando un lector analiza los valores contenidos en un texto o simplemente cuando sus propios valores entran en relación con los que el libro que lee le ofrece En esta línea de reflexión se encuentra el libro que el lector tiene en sus manos que recoge distintos estudios realizados por investigadores del CEPLI Charlie y la fábrica de chocolate Roald Dahl, 2002-01-01 El señor Wonka dueño de la magnífica fábrica de chocolate ha escondido cinco billetes de oro en sus chocolatinas Quiénes los encuentren serán los elegidos para visitar la factoría Charlie tiene la fortuna de encontrar uno de esos billetes y a partir de ese momento su vida cambiará totalmente **Bilingual Youth** Kim Potowski, Jason Rothman, 2011 The present volume represents a variety of portraits of what happens when families attempt to raise children in Spanish while living in English speaking societies Aided by the foregrounding chapter by Suzanne Romaine about language and identity and the afterword by Carol Klee that ties together many issues brought up throughout the collection the reader gains a more complete understanding of the variables that contribute to Spanish bilingualism in English speaking societies and by extension a more complete understanding of the dynamic nature of bilingualism in general This volume the first of its kind brings together an impressive array of sociolinguistic environments while keeping the two languages constant We hope that it marks the beginning of comparative analyses of bilingualism acquisition outcomes and identity construction across environments that share the same languages but where important disparities exist in the sociolinguistic landscapes
