Contemporary Horror on Screen Sarah Baker,Amanda Rutherford,Richard Pamatatau,2023-09-15 This book highlights how horror in film and television creates platforms to address distinct areas of modern day concern In examining the prevalence of dark tropes in contemporary horror films such as Get Out Annabelle Creation A Quiet Place Hereditary and The Nun as well as series such as Stranger Things American Horror Story and Game of Thrones amongst numerous others the authors contend that we are witnessing the emergence of a horror renaissance They posit that horror films or programmes once widely considered to be a low form of popular culture entertainment can contain deeper meanings or subtext and are increasingly covering serious subject matter This book thus explores how horror is utilised as a tool to explore social and political anxieties of the cultural moment and is thus presented as a site for contestation exploration and expansion to discuss present day fears It demonstrates how contemporary horror reflects the horror of modern day life be it political biological social or environmental A vital contribution to studies of the horror genre in contemporary culture and the effect it has on social anxieties in a threatening and seemingly apocalyptic time for the world this is a vital text for students and researchers in popular culture film television and media studies
