**Homefront** Louise L. Stevenson, 2001 Stevenson offers a concise and fascinating portrait of the intellectual lives of ordinary Americans from the Civil War through Reconstruction      A Game Called Salisbury Susan Barringer Wells, 2007 While researching her family history Wells uncovered a story of the brutal axe murder of four of her relatives and origins of race myths that fueled the savagery of the lynching that followed Soon after she found a noose that had sat for a century in an ancestor's old well house And hiding inside her own DNA she discovered even more surprising secrets in her past Her book is about two murder mysteries two lynchings and North Carolina's vicious 1898 political campaign a campaign so charged with racial rhetoric its fallout still contaminates race relations in the South today      *Battling Nell* Alexander S. Leidholdt, 2009-11 A longtime columnist for the Raleigh News and Observer Cornelia Battle Lewis earned a national reputation in the 1920s and 1930s for her courageous advocacy on behalf of women's rights African Americans children and labor unions Late in her life however after fighting mental illness Lewis reversed many of her stances and railed against the liberalism she had spent her life advancing In *Battling Nell* Alexander S. Leidholdt tells the compelling and ultimately tragic life story of this groundbreaking journalist against the backdrop of the turbulent post Reconstruction Jim Crow South and speculates about the cause of her extraordinary transformation The daughter of North Carolina's most prominent public health official Lewis grew up in Raleigh but her experiences at Smith College in Massachusetts and later in France during World War I led her to question the prevailing racial attitudes and gender roles of her native region In 1920 Lewis began her storied career with the News and Observer Inspired by H. L. Mencken's scathing criticism of the South she soon established herself as the region's leading female liberal journalist Her column incidentally attacked the Ku Klux Klan lobbied against the exploitation of mill workers defended strikers during the notorious communist organized Gastonia labor violence mocked religious fundamentalists who fought the teaching of evolution and decried lynch law A suffragist and a feminist who saw women's rights as inextricably linked to human rights Lewis ran for state legislature in 1928 and was one of the first women in North Carolina to be admitted to the bar In the 1930s however Lewis faced repeated institutionalizations for a debilitating bout of mental illness and sought treatment from Christian Science practitioners spiritualists and psychotherapists As she aged her views grew increasingly reactionary and she insisted that she had served as a communist dupe during the Gastonia strike and trials that communists had infiltrated the University of North Carolina and that many of her former progressive allies had ties to communism Finally many of her opinions completely reversed and in the wake of the 1954 *Brown v Board* decision she served as an influential spokesperson for the South's massive resistance to public school desegregation She continued to espouse these conservative beliefs until her death in 1956 In his detailed retelling of Lewis's fascinating life Leidholdt chronicles the turbulent history of North Carolina from the 1920s through the 1950s as industrialization and racial integration began to tear at the region's conservative fabric He vividly explains the background and ramifications of Lewis's many controversial stances and explores the possible reasons for her ideological about face Through the extraordinary story

of Battling Nell Leidholdt reveals how the complex issues of gender labor and race intertwined to influence the convulsive events that shaped the course of early twentieth century southern history **Carolina Israelite** Kimberly Marlowe Hartnett,2015-05-11 This first comprehensive biography of Jewish American writer and humorist Harry Golden 1903 1981 author of the 1958 national best seller *Only in America* illuminates a remarkable life intertwined with the rise of the civil rights movement Jewish popular culture and the sometimes precarious position of Jews in the South and across America during the 1950s After recounting Golden s childhood on New York s Lower East Side Kimberly Marlowe Hartnett points to his stint in prison as a young man after a widely publicized conviction for investment fraud during the Great Depression as the root of his empathy for the underdog in any story During World War II the cigar smoking bourbon loving raconteur landed in Charlotte North Carolina and founded the *Carolina Israelite* newspaper which was published into the 1960s Golden s writings on race relations and equal rights attracted a huge popular readership Golden used his celebrity to editorialize for civil rights as the momentous story unfolded He charmed his way into friendships and lively correspondence with Carl Sandburg Adlai Stevenson Robert Kennedy and Billy Graham among other notable Americans and he appeared on the *Tonight Show* as well as other national television programs Hartnett s spirited chronicle captures Golden s message of social inclusion for a new audience today **Gender and Jim Crow** Glenda Elizabeth Gilmore,2013-04-01 Glenda Gilmore recovers the rich nuances of southern political history by placing black women at its center She explores the pivotal and interconnected roles played by gender and race in North Carolina politics from the period immediately preceding the disfranchisement of black men in 1900 to the time black and white women gained the vote in 1920 *Gender and Jim Crow* argues that the ideology of white supremacy embodied in the Jim Crow laws of the turn of the century profoundly reordered society and that within this environment black women crafted an enduring tradition of political activism According to Gilmore a generation of educated African American women emerged in the 1890s to become in effect diplomats to the white community after the disfranchisement of their husbands brothers and fathers Using the lives of African American women to tell the larger story Gilmore chronicles black women s political strategies their feminism and their efforts to forge political ties with white women Her analysis highlights the active role played by women of both races in the political process and in the emergence of southern progressivism In addition Gilmore illuminates the manipulation of concepts of gender by white supremacists and shows how this rhetoric changed once women black and white gained the vote **Alias Bill Arp** David B. syndicated weekly column in the Atlanta Constitution that he began writing in 1878 Considering the full range of Smith's work Parker says shows him to be one of the South's harshest critics After a brief survey of Smith's life Parker surveys the Bull Arp writings highlighting their major topics and explaining what they meant to readers of that era     **Remembering Charlotte** Mary Norton Kratt, Mary Manning Boyer, 2000 Remembering Charlotte Postcards from a New South City 1905 1950     The North Carolina Historical Review ,2008     Newspapers and the Making of Modern America Aurora Wallace, 2005-07-30 Presents a history of newspapers in the United States categorizing them according to such types as small town publications city tabloids chains community newspapers and national news organizations     **American Journalism** ,1991     **JQ.
