*Charlotte and Unc Charlotte* Ken Sanford, 2021-09 Charlotte might have built the nation's first tax supported university had an institution begun in 1771 survived the American Revolution but it did not Over the years other efforts to establish a public college or university also failed By the end of World War II when thousands of returning veterans sought an education on the GI Bill the city found itself without a public institution to accommodate them This is the story of visionary citizens and their valiant effort to fill that void It is the story of Bonnie Cone and the other community leaders who shared her dream Elmer Garinger Woody Kennedy Murrey Atkins and many others It is also the story of how Charlotte and UNC Charlotte grew up together Charlotte from a city of 120 000 to a metropolitan hub of over one million and UNC Charlotte from a community college to one of North Carolina's leading universities It is almost certain that neither would have realized such potential without the other Many state and local leaders provided crucial support Bill Friday president of The University of North Carolina and his assistant Arnold King recognized the rising needs of the state's largest metropolitan region At key moments Governors Terry Sanford Dan Moore and Robert Scott played pivotal roles In succession Chancellors Dean Colvard E K Fretwell Jr and James H Woodward arrived to accept the challenge of building a great university Throughout it is the story of dedicated professors administrators staff members students and generous friends who shared the vision and worked to make it a reality It is also a story of struggle first for existence then for facilities and public support and finally for state and national recognition Above all it is a story of success of triumph over apathy of startling growth of rapid progress of entrepreneurial verve and of increasing excellence *Charlotte and UNC Charlotte* J. **Maxwell-Roddey** Sonya Y. Ramsey, 2022-06-21 This biography of educational activist and Black studies pioneer Bertha Maxwell Roddey examines a life of remarkable achievements and leadership in the early years of the desegregated South Sonya Ramsey describes how Maxwell Roddey and her peers turned hard won civil rights and feminist milestones into tangible accomplishments in North Carolina and nationwide from the late 1960s to the 1990s **Charlotte and UNC Charlotte** J. Kenneth Sanford, 1996 **Drastic Dykes and Accidental Activists** La Shonda Mims, 2022-11-29 After World War II Atlanta and Charlotte emerged as leading urban centers in the South redefining the region through their competing metropolitan identities Both cities also served as home to queer communities who defined themselves in accordance with their urban surroundings and profited to varying degrees from the emphasis on economic growth Uniting southern women's history with urban history La Shonda Mims considers an imaginatively constructed archive including feminist newsletters and queer bar guides alongside sources revealing corporate boosterism and political rhetoric to explore the complex nature of lesbian life in the South Mims's work reveals significant differences between gay men's and lesbian women's lived experiences with lesbians often missing out on the promises of prosperity that benefitted some members of gay communities Money class and race were significant variables in shaping the divergent life experiences for the lesbian communities of

Atlanta and Charlotte whiteness especially bestowed certain privileges In Atlanta an inclusive corporate culture bolstered the city's queer community In Charlotte tenacious lesbian collectives persevered as many queer Charlotteans leaned on Atlanta's enormous Pride celebrations for sanctuary when similar institutional community supports were lacking at home

**The Queen City at War** Stephen H. Dew, 2001-05-09 The Queen City at War reveals a complexity of experience on the Charlotte home front and it supports much of the current research that exposes the myth behind the Good War concept The story of Charlotte during World War II is a tale of two cities for some it was the best of times but for others it was the worst of times This study draws upon much of the recent scholarship related to the home front and it also utilizes a number of primary sources especially the Charlotte Observer and the Charlotte News as well as local documents and manuscript collections The Queen City at War should appeal to historians students of history and the general public interested in World War II and the American home front as well as those interested in Southern history and American urban history
