Kelly, 1996-04-18 This latest volume of thirty Anglo Saxon charters covers the pre Conquest archive of Shaftesbury Abbey in Dorset founded by King Alfred It is an extremely important collection as it provides almost the only evidence for the history of Shaftesbury in this period **Myth, Rulership, Church and Charters** Andrew Wareham, 2017-03-02 For more than forty years Nicholas Brooks has been at the forefront of research into early medieval Britain In order to honour the achievements of one of the leading figures in Anglo Saxon studies this volume brings together essays by an internationally renowned group of scholars on four themes that the honorand has made his own myths rulership church and charters Myth and rulership are addressed in articles on the early history of Wessex thelfl d of Mercia and the battle of Brunanburh contributions concerned with charters explore the means for locating those hitherto lost the use of charters in the study of place names their role as instruments of agricultural improvement and the reasons for the decline in their output immediately after the Norman Conquest Nicholas Brooks s long standing interest in the church of Canterbury is reflected in articles on the Kentish minster of Reculver which became a dependency of the church of Canterbury on the role of early tenth century archbishops in developing coronation ritual and on the presentation of Archbishop Dunstan as a prophet Other contributions provide case studies of saints cults with regional and international dimensions examining a mass for St Birinus and dedications to St Clement while several contributions take a wider perspective looking at later interpretations of the Anglo Saxon past both in the Anglo Norman and more modern periods This stimulating and wide ranging collection will be welcomed by the many readers who have benefited from Nicholas Brooks s own work or who have an interest in the Anglo Saxon past more generally It is an outstanding contribution to early medieval studies
