Davies,A. Raymond George,Gordon Rupp,2017-06-14 With this volume the publication of A History of the Methodist Church in Great Britain comes to its appointed end The project of writing it was initiated by the Methodist Conference of 1953 and the lapse of time since then has made it possible to include at appropriate points the results of the continuing research into the origins and nature of Methodism but the chance and changes of this mortal life which are bound to impinge on the progress of so complex an enterprise together with the heavy involvement of all the contributors in ecclesiastical ecumenical and academic affairs have made this period much longer than the General Editors would have wished From the Preface **A Guide to the Printed Materials for English Social and Economic History, 1750-1850** Judith Blow Williams,1926 *A List of American Doctoral Dissertations Printed in [1912-] 1938* Library of Congress. Catalog Division,1918 *Pulpits, Politics and Public Order in England, 1760-1832* Robert Hole,2004-05-20 This book explores the relationship between religion and politics in England from the accession of George III to the First Reform Bill considering the political and social ideas of Catholics Anglicans Methodists Dissenters deists and atheists It examines the effect of the French Revolution on Christian political and social theory as well as reactions to the American Revolution riots and disorder economic and social education secularisation Blasphemy and Sedition the growth of atheism and the Reform of the Constitution in 1826 32 Major figures such as Burke Paine Wollstonecraft Coleridge Bentham and Wesley are considered but popular everyday arguments are also analysed The book examines Christian views on political obligation and the right of rebellion and suggests that religion was used as a means of social control to maintain public order and stability in a rapidly changing society *A List of American Doctoral Dissertations Printed in ...* ,1918 **The Publishers Weekly** ,1917 **Revival: Writing the Bodies of Christ (2001)** John Schad,2017-07-12 This title was first published in 2001 A volume of essays on the Pauline ecclesiastical body of Christ the church It is of course not possible to separate completely one body of Christ from another and the essays do not make the attempt The dark institutional history of the church is a running theme a running sore throughout the volume in that sense the essays respond to Michel Foucault s insistence that we should be mindful of the institutions that surreptitiously inform our discourse and culture The essays deal with the myriad of ways in which the church is named spoken and above all written in the age of secularization In this sense the contributors are simply exploring the relationship

between the church and modern writing
