Chasing The Hawk Looking For My Father Finding Myself:

Chasing the Hawk Andrew Sheehan, 2002-10-01 In a poignant memoir an investigative journalist describes how his struggle to reconnect and rebuild a relationship with his father George Sheehan the best selling author of *Running and Being* helped him to come to terms with his father's absence during his childhood and adolescence and with the anger and alcoholism that nearly destroyed his life Reprint

Chasing the Hawk Andrew Sheehan, 2001 I have always chased my father chased after his love chased him through his many changes I chased him even when I thought I was running in the other direction Today even though he is gone I chase him still I know he is the key to my freedom To runners around the world Dr George Sheehan author of the landmark New York Times bestseller *Running and Being* was nothing short of a guru the country's greatest philosopher of sport But to his son Andrew who had spent his entire boyhood longing for the attention and approval of an emotionally distant father he was an incomprehensible paradox a lifelong loner who was now sunning himself in the spotlight of the nation's press a hero to millions who seemed to have no time for his own son The events that transformed George Sheehan from doctor to family man to bestselling author and media magnet began at the depths of what we would now call a midlife crisis when he rediscovered an old love running Twenty five years after his days on a high school cross country team he remembered how running made him feel free and began beating a solitary path down his suburban streets With running as his new religion the formerly quiet withdrawn man became an unlikely evangelist converting a sedentary nation to the theology of fitness and in the process becoming an internationally known figure But the freedom he found in running was not enough and one day he left his family having decided that life was an experiment of one and it was time for him to start living it Angry and disillusioned after years of enduring his father's self absorption and hurt by his apparent indifference Andrew had long since begun the search for his own version of freedom looking first to drugs and later to alcohol By his twenties he was a confirmed alcoholic By his thirties his marriage had fallen apart and he was drinking more heavily than ever It was at that moment that his father threw him a lifeline Although he was struggling with the cancer that would eventually end his life Dr Sheehan was the first to notice his son's pain and to reach out to him In this stunningly candid book Andrew Sheehan describes the process through which these two men carefully and lovingly rebuilt their relationship And in the effort to understand and forgive the dark side of his father's psyche Andrew shows how he came to understand and to transcend his own A gracefully written paean to the healing power of forgiveness a memoir that will resonate with any fallible parent or child *Chasing the Hawk* traces the arduous steps that carry father and son down the hard road to resolution healing and love From the Hardcover edition
