Chasm City Alastair Reynolds, 2003 Tanner Mirabel ventures through the dark underside of Chasm City a once utopian city overrun by a vicious virus known as the Melding Plague in pursuit of a lowlife postmortal and comes face to face with a centuries old atrocity that everyone would do anything to keep hidden Reprint

Scores John Clute, 2016-11-24 For more than 50 years John Clute has been reviewing science fiction and fantasy As Scores demonstrates his devotion to the task of understanding the central literatures of our era has not slackened There are jokes in Scores and curses and tirades and apologies and riffs but every word of every review in the end is about how we understand the stories we tell about the world Following on from his two previous books of collected reviews Strokes and Look at the Evidence this book collects reviews from a wide variety of sources but mostly from Interzone the New York Review of Science Fiction and Science Fiction Weekly Where it has seemed possible to do so without distorting contemporary responses to books these reviews have been revised sometimes extensively 125 review articles over 200 books reviewed in more than 214 000 words

Revelation Space Alastair

Reynolds,2002-05-28 The highly acclaimed first novel in the Revelation Space universe a debut that has redefined the space opera with a staggering journey across vast gulfs of time and space to confront the very nature of reality itself A TOUR DE FORCE RAVISHINGLY INVENTIVE Publishers Weekly Nine hundred thousand years ago something annihilated the Amarantin civilization just as it was on the verge of discovering space flight Now one scientist Dan Sylveste will stop at nothing to solve the Amarantin riddle before ancient history repeats itself With no other resources at his disposal Sylveste forges a dangerous alliance with the cyborg crew of the starship Nostalgia for Infinity But as he closes in on the secret a killer closes in on him Because the Amarantin were destroyed for a reason and if that reason is uncovered the universe and reality itself could be irrevocably altered Spectacular Moments of Wonder with Dr. Monocle: That Certain Gentleman

John Theesfeld,2011-08-09 When a mysterious antiques collector contacts aging professor of world studies Dr Arthur Monocle his boring life of lecturing and retirement is turned upside down Join Dr Monocle and The Strongman as they journey deep into the treacherous war torn Chasm region in search of an ancient relic before it s lost to time Pursued by a shadowy group of masked agents called GhostWurks and a gang of incompetent assassins dubbed The League of Ornery Bedfellows Dr Monocle and The Strongman put their lives on the line for That Certain Gentleman It s a steampunk world an alternate earth full of automatons robots maldeviants mutants clockwork devices wondrous contraptions airships steamdrivers paraphenomenal strangeness top hats randomness and a monkey wearing a fez Soldier King of Life Wo ZiDuiTianXiao,2020-10-10 Mercenary King Chen Qingyang returned to the city to protect his comrade s sister the goddess In the bustling city Chen Qingyang was like a fish in water carefree and at ease And to see how the previous generation s soldiers would use their iron fists and wits to build a business empire **Grinnell Automatic Sprinkler Bulletin** ,1921

The End Bianca Nogrady,2013-05-01 A fascinating exploration of the universal human experience of death We sat around and on the bed laughing and joking as if this was a typical family gathering The shrunken form of our dying grandmother lay on the bed breathing fast and shallow her once bright eyes half closed and sunken in their sockets To some it might have seemed disrespectful to be treating her as part of the furniture as she took what were her very last breaths on this earth But to us it seemed almost normal that we should carry on being her boisterous jovial grandchildren filling her ears with the sounds of normality as she slipped away Looking back on that experience Bianca Nogrady realised she had so many questions Was her grandmother in pain Could she hear them Did she know they were there Was she aware of what was happening to her What was she experiencing as the spark of life that had sustained her for 87 years finally flickered out We know so much about birth generations of women have shared their experiences with their sisters daughters and grand daughters medicine has exhaustively explored and documented every possible angle of birth and it is a joyous moment that is shared with friends and family But at the other end of a life death is hidden taboo mysterious fearful rarely shared and often a lonely dark book end Death will come to all of us it is one of few experiences that unites every single being on the planet

But we don't talk about it we try not to think about it and anyone who breaks these unspoken taboos is viewed as being unnecessarily morbid Yet many who have been present at the death of a loved one talk of it as being a gift they have taken part in a profound moment The End is an exploration of that experience exploring the human experience of death from every angle the spiritual the historical the physical the metaphysical from the perspective of those who have witnessed it those who face it and those who have somehow stepped back from it The End investigates an experience common to every single one of us and does so in a way that is engaging compelling a bit funny and a bit quirky in places heartbreaking in others but most of all fascinating The End provides a different framework through which to view death instead of the fear and mystery that so often shrouds this incredibly important moment of life
