This collection grows out of the Spring 1987 issue of *Studies in the Literary Imagination* Along with the original 6 essays now revised for book publication this volume adds 8 new examinations of the connections between the authors of medieval France and England The volume editor is a translator of Machaut and intimately involved in scholarly investigations that provide connections between culture and texts Framed by diverse studies that investigate the genius of the patron and the shaping role of the editor those articles serve as models both of how to study particular authors or texts and as paradigms for other researchers to follow *Chaucer* David B. Raybin,2010 Eleven essays that explore how modern scholarship interprets

Chaucer s writings Provided by publisher *The French of Medieval England* Thelma S. Fenster,Carolyn P. Collette,2017

Recent research has emphasised the importance of insular French in medieval English culture alongside English and Latin for a period of some four hundred years French variously labelled the French of England Anglo Norman Anglo French and Insular French rivalled these two languages The essays here focus on linguistic adaptation and translation in this new multilingual England where John Gower wrote in Latin while his contemporary Chaucer could break new ground in English

Norman Conquest on the culture of medieval and early modern England Deanne Williams answers this question by contending that not only French language and literature but the idea of Frenchness itself produced England s literary and cultural identity Examining a variety of English representations of and responses to France and the French in the work of Chaucer Caxton Skelton Shakespeare and others this book shows how English literature emerged out of a simultaneous engagement with and resistance to the pervasive presence of French language and culture in England that was the legacy of the Norman Conquest Drawing upon theories of gender and postcoloniality this book revises traditional notions of English
