

The background of the title page is a painting of a mountain landscape. The sky is a pale, hazy blue with soft, white clouds. Below the sky, a dark, horizontal band contains the title and author information. The lower portion of the image shows a rugged mountain range. The mountains are depicted with dark, textured brushstrokes, suggesting steep, rocky slopes. A prominent mountain peak is visible on the right side, with a lighter, yellowish-brown patch on its upper slope. The foreground shows a dark, reddish-brown, textured surface, possibly a riverbed or a path, leading into the distance.

## **Dinarbas Edited By Ann Messenger:**

**Women Write Back** Stephanie Mathilde Hilger, 2009 *Women Write Back* explores the late eighteenth and early nineteenth century women's responses to texts written by well known Enlightenment figures Hilger investigates the authorial strategies employed by Karoline von Gunderode, Ellis Cornelia Knight, Julie de Krudener and Helen Maria Williams whose works engage Voltaire's Mahomet, Johnson's Rasselas, Goethe's Werther and Rousseau's Julie. The analysis of these women's texts sheds light on the literary culture of a period that deemed itself not only enlightened but also egalitarian. *Three Novellas* Eliza Haywood, 1996-03 Haywood was a dangerous entity in the eighteenth century a writing woman writing for women. The three novellas presented here *The Distress'd Orphan*, *The City Jilt* and *The Double Marriage* were published separately in 1726 but were originally intended for a single volume.

**Abyssinia's Samuel Johnson** Wendy Laura Belcher, 2012-05-31 As a young man Samuel Johnson one of the most celebrated English authors of the eighteenth century translated *A Voyage to Abyssinia* by Jeronimo Lobo a tome by a Portuguese missionary about the country now known as Ethiopia. Far from being a potboiler this translation left an indelible imprint on Johnson. Demonstrating its importance through a range of research and attentive close readings *Abyssinia's Samuel Johnson* highlights the lasting influence of an African people on Johnson's oeuvre. Wendy Laura Belcher uncovers traces of African discourse in Johnson's only work conceived for the stage *Irene* several of his short stories and of course his most famous fiction *The History of Rasselas Prince of Abissinia*. Throughout Belcher provides a much needed perspective on the power of the discourse of the other to infuse European texts. Most pointedly she illuminates how the Western literary canon is globally produced developing the powerful metaphor of spirit possession to suggest that some texts in the European canon are best understood as *energumens* texts that are spoken through. Her model of discursive possession offers a new way of theorizing transcultural intertextuality in particular how Europe's others have co-constituted European representations. Drawing on sources in English, French, Portuguese and Ge'ez this study challenges the conventional wisdom on Johnson's work from the inspiration for the name Rasselas and the nature of Johnson's religious beliefs to what makes Rasselas so strange. A rich monograph that fuses eighteenth century studies, comparative literature and postcolonial theory *Abyssinia's Samuel Johnson* adds a fresh perspective on and a wealth of insights into the great enigmatic man of letters.

seldom visited by feminist scholars Ann Messenger in this new book presents eight studies of literary relationships between men and women writers ranging from the Restoration to the end of the eighteenth century The essays show men and women working together praising and criticizing each other s work borrowing and changing each other s plots and characters recording their different perceptions of their common world From Dryden s praise of Anne Killigrew through Gay s and Lady Mary Wortley Montagu s collaboration on a town eclogue Thomas Southerne s dramatizations of novels by Aphra Behn and Eliza Haywood s version of the Spectator to Cornelia Knight s sequel to Rasselas these relationships demonstrate that men and women writers inhabited the same literary world shared the traditions of the mainstream of English literature Most of the women have since faded from view But Messenger suggests the time has come to rediscover them to reassess their work and to revise the commonly accepted canon of literature accordingly Although most of the studies deal with the way women s writing responds to writing by men the Afterword combats the charge that the women s work is derivative Free of critical jargon and ideological strait jacketing His and Hers makes some little known writers available and interesting to specialists and nonspecialists feminists and traditionalists alike while it sheds new light on some of the most familiar figures of the period The Appendix reprints some of the shorter works which have been analyzed in detail and summaries in the text help to compensate for the unavailability of some of the women s books The comparative approach suggests a wide and rich field for further research
