Heartsick for Country Sally Morgan, Tjalamina Mia, Blaze Kwaymullina, 2021-05-11 The stories in this anthology speak of the love between Aboriginal peoples and their countries They are personal accounts that share knowledge insight and emotion each speaking of a deep connection to country and of feeling heartsick because of the harm that is being inflicted on country even today through the logging of old growth forests converting millions of acres of land to salt fields destruction of ancient rock art and significant Aboriginal sacred sites and a record of species extinction that is the worst in the world

*Wishbone* Laura C. Jarmon, 2003 Jarmon English U of Tennessee Martin studies the history and attempts to trace the origins of several prevalent themes in African American folklore using folk tale collections from the US and Africa The themes link subjects with symbolic content such as tar baby with binding and transcription and the skull with presence and propriety An introduction presents Jarmon's methodology her thesis is that these narratives are a type of modal discourse that is symbolized by the motifs of the wishbone and crossroads which she sees as emblematic of the concept of margins and reflective of a mood of indeterminacy Annotation c 2003 Book News Inc Portland OR booknews com *Rise of Wolfhound* Jamie D Salmon, 2021-07-25 It is 1800 amid the Hawkesbury and Nepean wars as Andrew Lord and his friend Aaron Hound walk the Australian desert in search of a mysterious pyramid As they battle the extreme elements the two men soon realise that they are being followed by glowing dirt that eventually transforms into a blue humanoid After the alien creature announces he is Ziii Caalsar he asks the men to come with him When a door appears in the middle of nowhere the men descend into the earth where Andrew and Aaron learn that Ziii is an ally of the Patrolman race Their Chief asks Andrew to become a guardian of the Multiverse a set of finite and infinite universes and to found an organization with the focus of protecting and safeguarding the entirety of the Multiverse from threats on an Interdimensional scale As Andrew heads to the centre of the Multiverse with Aaron to recruit new members into the WOLFHOUND organisation he has no idea what lies ahead and when the pair pass away a few decades after its left with their one of their most loyal followers House Rangers to continue Andrew's vision and legacy in order to ensure the protection of Multiverse and to uncover Andrew's vision of an individual with the initials JS with an uncertain journey for their life it is through this family the Stratocratic Republic Nation of WOLFHOUND evolved into a prominent Empire In this science fiction adventure two men create a Nation like organisation comprised of many residents of the Multiverse with intent on safeguarding and protecting the Multiverse from Interdimensional threats The adventures true beginning begins when an individual that calls himself Jaden Sinister was sought out by the current heads of state of the now Empire where he meets the likes of Felicity Toothpick and Anton Weber Embark on this Story of WOLFHOUND with Jaden and Felicity sharing their individual adventures and occasional shared adventures **Octave Mirbeau's Fictions of the Transcendental** Robert Ziegler, 2015-04-21 Political firebrand tireless reformer champion of the avant garde Octave Mirbeau embraced his role as disturber of the peace Inspired by Kropotkin and

Dostoyevsky Mirbeau became the social conscience of the era speaking in a clear voice to impugn capitalist ideology to defend the cause of the worker the child the pauper the prostitute and the soldier sacrificed as cannon fodder Mirbeau's critiques of society seethe with indictments of indoctrinating agencies the family which stifled the child's freedom and expressive creativity the school which besotted students with the aridity of its curriculum the army which privileged patriotism over the sanctity of life the church which sanctified suffering perverted instinct and alienated the faithful from nature Yet Mirbeau shared the admiration of fin de siècle zealots for the pariahs tramps and beggars rehabilitated in the Scripture The personal trials of the misbegotten became an insignia of election Those marginalized by society experienced damnation here below yet had glimpses of the bliss they hoped might await them somewhere higher Yet it was not just in the less fortunate that Mirbeau sought evidence of the supra-rational Generally neglected by critics Mirbeau's interest in the unknown and the inexpressible informed virtually all of his writing and helped shape his views on artistic work and political struggle For this reason this study sets out to analyze the spiritual politics of the author As Mirbeau was becoming involved in the escalating controversy over the Dreyfus case and cementing his alliance with prominent anarchists he was also undergoing a uniquely personal spiritual evolution This volume breaks new ground exploring the author's secular metaphysics charting his investigation of the spiritually transfiguring experience that redeems man's desolate existence What begins as Mirbeau's indictment of Catholicism's death-glorifying ethos his attempt to find refuge from life's pain in the blessedness of Nirvana becomes a pursuit of mystical diffusion into the community of others Showing how Mirbeau controverts the existence of a Christian god this study argues that Mirbeau never abandons his exploration of life's mysteries apprehensions of the infinite that come from a refinement of his art and an identification with his brothers
