actually saved the world when sinister aliens unexpectedly arrived and wanted to annihilate mankind because of our murderous warlike tendencies how humanity had never been able to live in peace Oscar telepathically communicated to the aliens in our defense and humanity was given one final chance an ominous warning to learn to live together Live together in peace or die Or the aliens would return and end our species forever Now Oscar and his expanding family need Henry s help They d been living happily deep in the backwoods of Crater Lake Park hidden from human eyes and malicious human interference when the out of control wildfire flushes them from their safe haven and they end up in Crater Lake Of course they can t remain there They d be seen discovered Exploited or hunted to extinction because people still feared and loathed dinosaurs because of how many humans they d slaughtered during their bloody reign But aside from Henry s love of Oscar the Oscars survival is crucial if the aliens ever return so Henry and his paleontologist son in law Justin must lead the horde away from the lake to a new safe home in another isolated section of the park They must protect the Oscars But one infant dinosaur has been left behind and in saving that little dinosaur returning it to Oscar and its family Henry almost pays the ultimate price but Henry would do anything for Oscar After all Oscar would and had many times saved Henry s life he saved the planet as well So Henry and Earth are undeniably and forever indebted to the small dinosaur
