The Diplomatic Record, 1991-1992 Hans Binnendijk, Mary Locke, 1992-12-01 **The Diplomatic Record, 1991-1992** Hans Binnendijk, Mary Locke, 2019 **Wars of Eduard Shevardnadze** Carolyn Ekedahl, Melvin A. Goodman, 2010-11-01 Chronicles the life and political career of the former foreign minister of the Soviet Union France and Germany at Maastricht Colette Mazzucelli, 2002-09-11 First published in 1997 This book provides an extremely detailed analysis of the national decision making processes of two of the principal players in the Maastricht negotiations and a comprehensive discussion of the national subnational and transnational actors central to the negotiating process **New Dimensions of Peacekeeping** Daniel Warner, 2023-07-24 This work brings together the papers presented at a conference on New Dimensions of Peacekeeping which was convened at the Graduate Institute of International Studies in Geneva in March 1994 The papers address the new role of peacekeeping including peacekeeping and peace enforcement which is now emerging and also places an emphasis upon the role of the newcomers in peacekeeping specifically Japan and Germany The collection of papers by many distinguished scholars in the field actively discusses both the strengths and weaknesses of the United Nations peacekeeping efforts in meeting the increasing demands placed upon it due to the enormous upsurge in ethnic religious and other local conflicts The 1990s have seen wide swings in public opinion towards United Nations Peacekeeping The euphoria and high expectations regarding what the United Nations can deliver have been replaced by the rude shocks and deflated assessments of its capacity to successfully cope with conflicts In this context it would be highly desirable that a judicious balance be struck in the evaluation of United Nations peacekeeping activities which takes fully into account the great potential they have for contributing to international peace and security and to the reduction of human suffering At the same time such a review should include a candid discussion regarding the weaknesses and shortcomings of peacekeeping activities Excerpt from the Introduction by Yasushi Akashi Chief of Mission of the United Nations Protection Force UNPROFOR in the former Yugoslavia *NATO After Fifty Years* S. Victor Papacosma, Sean Kay, Mark R. Rubin, 2001 Since the foundation of the Atlantic Alliance after World War II the face of world politics and consequently of NATO has changed dramatically NATO after Fifty Years examines from a wide range of perspectives the past present and future of the alliance now in the throes of its most uncertain period The contributors to this volume bring a diversity and breadth of perspectives that will make this book an invaluable teaching tool for courses relating to U S defense policy arms control and the military in politics international organizations war and peace international conflict and government and politics in Europe Exiting Indochina Richard H. Solomon, 2000 For most Americans the exit from Indochina occurred in 1973 with the withdrawal of the U S military from South Vietnam In fact the final exit did not occur until two decades later after the collapse of the Republic of Vietnam in 1975 the Cambodian revolution and a decade of Vietnamese occupation of Cambodia Only in the early 1990s were the major powers able to negotiate a settlement of the Cambodia conflict and withdraw from the

region This book recounts the diplomacy that brought an end to great power involvement in Indochina including the negotiations for a UN peace process in Cambodia and construction of a road map for normalizing U S Vietnam relations In so doing this volume also highlights the changing character of diplomacy at the beginning of the 1990s when at least temporarily an era of military confrontation among the major world powers gave way to political management of international conflicts

Roman,1998 **Sociological Abstracts** ,1993 The Foreign Policy of the Bush Administration Steven Hurst,1999 In this important work Steven Hurst demonstrates how the much criticized Bush administration dealt effectively and skillfully with the massive upheavals associated with the end of the Cold War and began to shape a coherent US foreign policy for the post Cold War era Using government documents and recently published memoirs of key policymakers Hurst provides the most detailed account so far of the policymaking processes of the Bush administration He provides new insights into those policy areas which have already received critical attention including relations with the USSR and the Persian Gulf Crisis as well as neglected fields such as US Latin American relations Finally the author addresses the much derided concept of the New World Order He demonstrates that far from being a meaningless phrase dreamed up by Bush during the Gulf Crisis the New World Order actually represented a coherent strategy founded in American values and foreign policy tradition and forms a logical and sustainable basis for US foreign policy in the post Cold War era

“Here Is Hell” Grant Dawson,2011-11-01 For many Canadians events during the mission to Somalia in the early 1990s remain a stain on our reputation as one of the world s most respected peacekeeping nations Grant Dawson s analysis of political diplomatic and military decision making avoids a narrow focus on the shocking offences of a few Canadian soldiers deftly investigating the broader context of the deployment Dawson draws on interviews with key participants and documents made available under the Access to Information Act He shows how media pressure government optimism about the United Nations and the Canadian traditions of multilateralism and peacekeeping all helped to determine the level length and tenor of the country s operations in Somalia His findings will undoubtedly play a seminal role in informing scholarly debate about this important period in Canadian diplomacy and military engagement One of the first scholarly examinations of the Somalia operation Here Is Hell will interest military and Canadian historians policy analysts political scientists and those concerned with Canadian foreign defence and diplomatic history It will undoubtedly play a seminal role in informing further scholarly debate on this important period in Canada s military and diplomatic past
