EDITED BY PAMELA CHURCH GIBSON

# Dirty Looks Women Pornography Power

**Lee Epstein, Thomas G. Walker**

## **Dirty Looks Women Pornography Power:**

Dirty Looks Pamela Church Gibson, Roma Gibson, 1994

**The new pornographies** Victoria Best, Martin

Crowley, 2021-06-15 The turn of the twenty first century has witnessed the striking advance of pornography into the Western cultural mainstream Symptomatic of this development has been the use by writers artists and film makers of the imagery and aesthetics of pornography in works which have often on this basis achieved considerable international success Amongst these artists are a number of French authors and directors such as Michel Houellebecq Catherine Breillat Virginie Despentes or Catherine Millet whose work has often been dismissed as trashy or exploitative but whose use of pornographic material may in fact be indicative of important contemporary concerns In this study of a very significant trend the authors explore how the reference to pornography encodes diverse political cultural and existential questions including relations between the sexes the collapse of avant garde politics gay sexualities in the time of AIDS the anti feminist backlash the relation to the body and illness the place of fantasy and the sexualisation of children It will be of interest to undergraduates graduates and researchers in the fields of French culture gender film and media studies

**Fashion's Double** Adam Geczy, Vicki

Karaminas, 2015-12-17 Mere clothing is transformed into desirable fashion by the way it is represented in imagery Fashion s Double examines how meanings are projected onto garments through their representation whether in painting photography cinema or online fashion film conveying identity and status eliciting fascination and desire With in depth case studies including the work of Nick Knight and Helmut Newton film examples such as The Hunger Games music video Girl Panic by Duran Duran and much more this book analyses the interrelationship between clothing identity embodiment representation and self representation Written for students and scholars alike Fashion s Double will appeal to anyone studying fashion cultural studies art theory and history photography sociology and film

Staging Femininities

Geraldine Harris, 1999 The most complete study of Blier s work to date Harris traces the director s career from the early 1960s until the present Outlines the forms themes and style which dominate in Blier s work and challenges the many labels that have been used to describe both the corpus of films and the man himself Provides an original and controversial discussion of Blier s alleged misogyny and invites the reader to understand the scatological and corporeal aspects of Blier s filmmaking in terms of long established traditions of popular dramatic culture Brings to light the comic mechanisms underpinning Blier s films and identifies strategies which navigate through one of the most entertaining and disconcerting bodies of work of recent years The first book on Blier published in English

*More Dirty Looks* Pamela Church Gibson, 2004-01-26 Drawing on the radical work around gender identity and

sexuality within critical theory this book argues for the significance of pornography in debates around gender feminism and masculinity and the importance of the topic in our understanding of issues of power and cultural identity

The SAGE

Handbook of Feminist Theory Mary Evans, Clare Hemmings, Marsha Henry, Hazel Johnstone, Sumi Madhok, Ania Plomien, Sadie

Wearing,2014-08-12 At no point in recorded history has there been an absence of intense and heated discussion about the subject of how to conduct relations between women and men This Handbook provides a comprehensive guide to these omnipresent issues and debates mapping the present and future of thinking about feminist theory The chapters gathered here present the state of the art in scholarship in the field covering Epistemology and marginality Literary visual and cultural representations Sexuality Macro and microeconomics of gender Conflict and peace The most important consensus in this volume is that a central organizing tenet of feminism is its willingness to examine the ways in which gender and relations between women and men have been and are organized The authors bring a shared commitment to the critical appraisal of gender relations as well as a recognition that to think theoretically is not to detach concerns from lived experience but to extend the possibilities of understanding With this focus on theory and theorizing about the world in which we live this Handbook asks us across all disciplines and situations to abandon our taken for granted assumptions about the world and interrogate both the origin and the implications of our ideas about gender relations and feminism It is an essential reference work for advanced students and academics not only of feminist theory but of gender and sexuality across the humanities and social sciences
