Transgressing Women Jamaluddin Aziz,2012-01-17 Transgressing Women focuses on the literary and cinematic representation of female characters in contemporary noir thrillers The book argues that as the genre has grown expanded and been subverted since its initial conception along with the changing definition of gender the representation of a female character has also inevitably gone through some dramatic changes So the book asks some important questions What links the female characters in canonical noir to their contemporary counterparts Is gender division still relevant in a text that transgresses gender boundaries What happens when it is the human body itself that betrays the traditional definition or constitution of a human being While many have written about the male protagonists and the femmes fatales in the noir genre little attention has been given to the other female characters who inhabit the noir world and are transgressors themselves The main concern of the book is to trace the transgressive female characters in contemporary noir thrillers both novels and films by engaging itself with some of the most topical debates within both post feminist and postmodernist theories The book is structured around two key concepts space and the body These temporal and spatial indicators are central in contemporary cultural theories such as postmodernism and post feminism along with other theorizations of gender and the noir genre This means that the analysis is drawn from the classical noir examples and will then arrive at the neo noir sub genre and then will move on to the most recent phenomenon in the genre future noir Introducing Bakhtin Sue Vice,1997 The Russian critic and theorist Mikhail Bakhtin is once again in favor his influence spreading across many discourses including literature film cultural and gender studies This book provides the most comprehensive introduction to Bakhtin s central concepts and terms Sue Vice illustrates what is meant by such ideas as carnival the grotesque body dialogism and heteroglossia These concepts are then placed in a contemporary context by drawing out the implications of Bakhtin s writings for current issues such as feminism and sexuality Vice s examples are always practically based on specific texts such as the film *Thelma and Louise* Helen Zahavi s *Dirty Weekend* and James Kelman s *How late it was how late* **The Dirty Weekend Book** Emma Duncan,1984 *Dirty Weekend* Alan Scholefield,1990 Urban Culture Chris Jenks,2004 This set includes key pieces from
