Disabled We Stand:

Disabled We Stand Allan T. Sutherland, 1984 *Living with Alzhiemers'* Joseph Potocny, 2010-10-20 this book is a compilization of Joes World Renown and read blog It is his story of his journey with this dreaded disease that only has one ending He tells of how his mind is slowly robbed the theft of himself and what lies ahead Book is raw and to the point It tells the suffers side of the story *Disability And Dependency* Len Barton, 2005-08-03 One of the disturbing messages of this book is the extent to which disabled people are suffering in society It looks at the socio economic issues involved as well as the personal aspects of their lives and offers solutions to the discriminating *Making and Unmaking Disability* Julie E. Maybee, 2019-09-16 If the future is accessible as Alisa Grishman one of 55 million Americans categorized as having a disability writes in this book s cover image then we must stop making or constructing people as disabled and impaired In this brave new theoretical approach to human physicality Julie E Maybee traces societal constructions of disability and impairment through Western history along three dimensions of embodiment the personal body the interpersonal body and the institutional body Each dimension has played a part in defining people as disabled and impaired in terms of employment healthcare education and social and political roles Because impairment and disability have been constructed along all three of these bodies unmaking disability and making the future accessible will require restructuring Western institutions including capitalism changing how social roles are assigned and transforming our deepest beliefs about impairment and disability to reconstruct people as capable Ultimately Maybee suggests unmaking disability will require remaking our world
