

The background of the entire page is decorated with various autumn-themed illustrations. In the top left, there are large orange and red oak leaves. To their right is a branch with yellow-green leaves. Further right is a cluster of dark red berries. In the top right corner, there is a bunch of small orange berries. On the right side, there is a single red and orange maple leaf. Below that is a cluster of orange mushrooms. In the bottom right, there is a large orange maple leaf and a bunch of small purple berries. In the bottom left, there are several small yellow mushrooms and a branch with yellow leaves. The text is centered in the middle of the page.

Disappearances A Workbook:

"*Disappearances*," a Workbook ,1981 A disappearance a relatively new and particularly disturbing violation of human rights occurs when someone is apprehended by a government or its security forces but the detention is never acknowledged The avoidance of accountability as well as the lack of information about the victim s fate makes a disappearance a lingering agonizing ordeal for family and friends Disappearances have become an increasingly alarming practice by many governments in recent years In this context Disappearances A Workbook is a much needed resource It provides case studies of disappearances and an analysis of the structures and agencies responsible for them It includes a description of the impact on the victims and their families together with an account of the available remedies This workbook is a practical tool the first of its kind for anyone interested in learning about this gross violation of human rights and what has been and remains to be done to counteract it Disappearances Amnesty International USA., The Struggle Against Enforced Disappearance and the 2007 United Nations Convention Tullio Scovazzi,Gabriella Citroni,2007 Enforced disappearance is one of the most serious human rights violations It constitutes an autonomous offence and a crime under international law on account of its multiple and continuing character It is not a phenomenon of the past nor is it geographically limited to Latin America such scourge is widespread today and on the increase in other continents For more than twenty five years relatives of disappeared people worldwide have insisted on the pressing need for an international legally binding instrument against enforced disappearances 2006 is the year of the adoption of the International Convention on the Protection of All Persons from Enforced Disappearances which represents the result of several legislative and jurisprudential developments that are duly analyzed in this book The Convention has been opened for signature in February 2007 **Revolutionizing Motherhood** Marguerite Guzman Bouvard,2002-01-01 Revolutionizing Motherhood examines one of the most astonishing human rights movements of recent years During the Argentine junta s Dirty War against subversives as tens of thousands were abducted tortured and disappeared a group of women forged the Mothers of the Plaza de Mayo and changed Argentine politics forever The Mothers began in the 1970s as an informal group of working class housewives making the rounds of prisons and military barracks in search of their disappeared children As they realized that both state and church officials were conspiring to withhold information they started to protest claiming the administrative center of Argentina the Plaza de Mayo for their center stage In this volume Marguerite G Bouvard traces the history of the Mothers and examines how they have transformed maternity from a passive domestic role to one of public strength Bouvard also gives a detailed history of contemporary Argentina including the military s debacle in the Falklands the fall of the junta and the efforts of subsequent governments to reach an accord with the Mothers Finally she examines their current agenda and their continuing struggle to bring the murderers of their children to justice Disappearances and Political Killings ,1994 More than a million people in the past 25 years have been victims of disappearances 212 807 8400 **Scientists and Human Rights in Guatemala**

Institute of Medicine, Committee on Human Rights, National Academy of Sciences and Committee on Health and Human Rights, 1992-02-01 Roughly 40 thousand people have been killed or made to disappear for political reasons in Guatemala during the last 30 years Despite vows and some genuine efforts by the current government human rights abuses and political killings continue Scientists and Human Rights in Guatemala presents a history of the violence and the research findings and conclusions of a 1992 delegation to Guatemala The focus of the book is on the human rights concerns and the responses of the government and military authorities to those concerns Background and status of an investigation into the political murder of an eminent Guatemalan anthropologist is presented along with an overview of the impact of the repression on universities research institutions and service and human rights organizations **Behind the Disappearances** Iain Guest, 1990 Well written thoroughly researched and completely absorbing *Diplomacy of Conscience* Ann Marie Clark, 2010-03-18 A small group founded Amnesty International in 1961 to translate human rights principles into action Diplomacy of Conscience provides a rich account of how the organization pioneered a combination of popular pressure and expert knowledge to advance global human rights To an extent unmatched by predecessors and copied by successors Amnesty International has employed worldwide publicity campaigns based on fact finding and moral pressure to urge governments to improve human rights practices Less well known is Amnesty International's significant impact on international law It has helped forge the international community's repertoire of official responses to the most severe human rights violations supplementing moral concern with expertise and conceptual vision Diplomacy of Conscience traces Amnesty International's efforts to strengthen both popular human rights awareness and international law against torture disappearances and political killings Drawing on primary interviews and archival research Ann Marie Clark posits that Amnesty International's strenuously cultivated objectivity gave the group political independence and allowed it to be critical of all governments violating human rights Its capacity to investigate abuses and interpret them according to international standards helped it foster consistency and coherence in new human rights law Generalizing from this study Clark builds a theory of the autonomous role of nongovernmental actors in the emergence of international norms pitting moral imperatives against state sovereignty Her work is of substantial historical and theoretical relevance to those interested in how norms take shape in international society as well as anyone studying the increasing visibility of nongovernmental organizations on the international scene **Human Rights: 21st Century** Angela Hegarty, Siobhan Leonard, 2012-11-12 Published in the year 1999 Human Rights 21st Century is a valuable contribution to the field of Law **The Right to Life in International Law** Bertrand G. Ramcharan, 1985-06-03 This collection of essays is the outcome of the proceedings of the Centre for Research and Study in International Law and International Relations of the Hague Academy of International Law in the summer of 1983 **Humanitarian Initiative Against Political "disappearances"** Jan Egeland, 1982 3 Domestic legal remedies Disappeared!
