## **Disastro Disasters In Italy Since 1860 Culture Politics Society:**

*Disastro! Disasters in Italy Since 1860* J. Dickie, J. Foot, F. Snowden, 2002-03-28 There is no European society whose modern history has been more deeply marked by disasters both natural and social than has Italy's Disasters test the social fabric and the political system to their limits Survival and rebuilding draw on the deepest cultural reserves This volume brings new research on all aspects of the Italian experience of disaster from unification to the present day The book is a significant contribution both to the understanding of Italian history and to the study of the impact of disasters on society

**Disasters and Changes in Society and Politics** Giuseppe Forino, 2024-01-16 From earthquakes to oil spills Italy is recurrently affected by different kinds of disasters This book brings a critical perspective to post disaster reconstruction and recovery which can impact in both the short and long term upon society politics and organizations It is often assumed that disaster hit areas return to normality or even build back better thanks to the interventions of experts Giuseppe Forino considers the complexities of disaster recovery and the sometimes radical changes in individual and collective behaviours that persist following such events Bringing together the impacts of natural hazards including climate change and the COVID 19 pandemic this edited book will stimulate debate on policy and practice in disaster recovery [The Grecanici of Southern Italy](#) Stavroula Pipyrou, 2016-07-28 The Grecanici are a Greek linguistic minority in the Calabria region of Italy remnants of a population that has resided there since late antiquity Their language represents a holdover from the Middle Ages at least and possibly even to the Greek colonies of the classical period For decades the Grecanici passionately fought to be recognized by the Italian state as an official linguistic minority finally achieving this goal in 1999 Violence corruption and mismanagement are inextricable parts of the social fabric but Grecanici have crafted the means to invert hegemonic culture and participate in the power games of minority politics The Grecanici of Southern Italy provides a comprehensive ethnography that examines the ways the minority developed and sustain enduring cultural forms of solidarity and relatedness Stavroula Pipyrou proposes the concept of fearless governance to describe overlapping and sometimes contradictory systems of power authority and relational networks that enable the Grecanici to achieve political representation at the intersection of local national and global encounters Refuting easy assumptions of top down governmental influence Pipyrou shows how the Grecanici find political representation through the European Union and UNESCO state policy civic associations family networks and illegal organizations not being afraid to take risks incur wrath lose friends or risk death in challenging the political status quo **Citizens without a City** Jan-Jonathan Bock, 2022-02-01 In 2009 after seismic tremors struck the Italian mountain town of L'Aquila survivors were subjected to a second earthquake invasive media attention and a relief effort that left them in a state of suspended citizenship as they were forcibly resettled and had to envision a new future In Citizens without a City Jan Jonathan Bock reveals how a disproportionate government response exacerbated survivors sense of crisis divided the local population and induced new types of political action Italy's disenfranchising emergency reaction

relocated citizens to camps and sites across a ruined townscape without a plan for restoration or return Through grassroots politics arts and culture commemoration rituals architectural projects and legal avenues local people now sought to shape their hometown s recovery Bock combines an analysis of the catastrophe s impact with insights into post disaster civic life urban heritage the politics of mourning and community fragmentation A fascinating read for anyone interested in urban culture disaster and politics Citizens without a City illustrates how survivors battled to retain a sense of purpose and community after the L Aquila earthquake

Rome Or Death Daniel Pick,2005 In 1875 a few years after Italian unification General Garibaldi the legendary military hero of the Risorgimento left his island retreat in the Mediterranean for Rome His battle cry no longer required he was pursuing a mission that would become an obsession in his old age to divert the River Tiber from Rome Through this forgotten episode Daniel Pick observes Garibaldi s passionate attachment to Rome and Italy In the bitter debate that ensued many myths were laid bare and prevailing medical social and political anxieties about the future of the state were exposed In the ebb and flow of this epic project strong currents of emotion swirled around this larger than life Victorian hero and the city with which he and his contemporaries were obsessed Garibaldi s campaign also focussed on the urgent questions of flood fever and the fate of the peasantry in the dangerous landscape of the Roman Campagna The flood prone Tiber had caused havoc disease and death throughout history But beyond the public rationales for the scheme The

Diversion of General Garibaldi suggests more personal motives were at stake Garibaldi had his own reasons to fight the scourge of malaria and reclaim the health of central Italy His desperate endeavour reflected his wish to repair the past Behind his florid promise to revitalise Italy and convert the Tiber's course into a Parisian style boulevard that would be a wonder of the modern world lay a traumatic event felt by Garibaldi as the defining tragedy of his life the loss of his wife Despite himself he became embroiled in the political labyrinth of Rome trials and tribulations worthy of Kafka This story of thwarted ambition grand illusion and delusion was not lost on Garibaldi's later admirer Benito Mussolini another self-styled redeemer of Rome and the fever-ridden marshes of Italy

*Defeat and Memory* Jenny Macleod, 2008-11-03 The legacy of defeat in war reverberates through private and collective memory and remains a sub-text in international relations and political discourse This book examines the manner in which a series of military defeats have been understood and remembered by individuals and societies in the era of modern industrialised warfare

**The British National Bibliography** Arthur James Wells, 2003 **Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur**, 2004 **Una catastrofe patriottica** John Dickie, 2008 Italy's Divided Memory J. Foot, 2011-11-29 This book argues that contemporary Italian history has been marked by a tendency towards divided memory Events have been interpreted in contrasting ways and the facts themselves often contested Moreover with so little agreement over what happened and why it happened it has been extremely difficult to create any consensus around memory These divisions have been seen at all levels but take on particular importance when linked to the great traumatic and life-changing events of the Twentieth century war terrorism disaster but can also be applied to more cultural fields such as sport and everyday life Social change also has an impact on memory This book will take the form of a voyage through Italy and into Italy's past looking at stories of divided memory over various periods in the twentieth century These stories will be interwoven with analysis and discussion
