This edition uses British spelling, punctuation, and grammar to allow the Bible to be read more naturally. More about the translation: This revised and updated edition of the NIV includes three main types of change, taking into account changes in the way we use language, day-to-day advances in biblical scholarship and understanding, and the need to ensure that gender-accurate language is used to faithfully reflect whether men and women are referred to in each instance. The translators have carefully assessed a huge body of scholarship, as well as inviting peer submissions, in order to review every word of the existing NIV to ensure it remains as clear and relevant today as when it was first published. Royalties from all sales of the NIV Bible help Biblica (formerly the International Bible Society) in their work of translating and distributing Bibles around the world.    **Forthcoming Books** Rose Army,2002
