

# Modern Presidency

The modern president . . . .

- often takes the lead in legislative policymaking,
- uses executive orders to act without congressional approval,
- has the support of an expanded presidential bureaucracy, and
- has become the most visible figure in American government.

# Dimensions Of The Modern Presidency

**David L. Anderson**

## **Dimensions Of The Modern Presidency:**

Dimensions of the Modern Presidency Edward N. Kearny, 1981      *Triumphs and Tragedies of the Modern Presidency* Maxmillian Angerholzer III, James Kitfield, Norman Ornstein, Stephen Skowronek, 2016-04-25 Applying the lessons of presidential history this anthology of case studies written by leading political scientists historians and subject matter experts delves into the many facets of the presidency and promotes a greater understanding of the presidency for policymakers academics students and general readers alike Abraham Lincoln once said Fellow citizens we cannot escape history One hundred and fifty years later this statement remains true the lessons of history are increasingly important at a time of political deadlock and growing skepticism of leadership among the American public An established classic in its field *Triumphs and Tragedies of the Modern Presidency* underscores the importance of looking back to set an intelligent course for the future and promotes a better understanding of the U S presidency This updated and revised second edition offers rare insights on presidential leadership since 2001 and adds considerable new information related to inter term transitions The case studies in this single volume work cover an unparalleled scope of modern presidential history and related topics beginning with the presidency of Franklin Roosevelt and continuing to the presidency of Barack Obama Examples of the events and subject matter of the case studies include the interstate transport system the building of the social safety net the civil rights movement the space program environmental protection education reform the IT revolution energy policy the budget economic policy foreign policy national security defense policy and presidential scandals Each case study highlights a historical lesson and is authored by a different political scientist historian or subject matter expert offering readers a multidisciplinary examination of the presidency      **The President's Legislative Policy Agenda, 1789-2002** Jeffrey E. Cohen, 2012-09-10 Jeffrey E Cohen looks at U S presidents legislative proposals to Congress from 1789 to 2002 analyzing why presidents submit one proposal rather than another and what Congress does with the proposals He investigates trends in presidential requests to Congress the substantive policies of the proposals and the presidential decision process in building legislative agendas      *Leadership in the Modern Presidency* Fred I. Greenstein, 1988 In presidential election years the leadership qualities of occupants of the Oval Office become yardsticks for aspiring candidates What profile of qualities both positive and negative helps explain the performance of chief executives In this book about the White House nine eminent political scientists and historians present their assessments of the leadership styles and organizational talents of presidents from Franklin D Roosevelt to Ronald Reagan Filled with anecdote and insight this is an unprecedented opportunity to observe how the running of the office of President has been changed subtly and not so subtly by the management and personal styles of the various incumbents within their historical contexts The book vividly depicts each president There is Roosevelt a real artist in government Truman a strong executive who always managed to appear weak Eisenhower who cultivated the image of being above the fray of politics but was actually fully occupied with getting political results Kennedy

who successfully projected the symbolic grandeur of his office Johnson a figure from classical tragedy Nixon who preferred a corporate to a political mode of operation Ford who placed healing the nation's wounds from Vietnam and Watergate above his personal political future Carter whose fall was as stunning as his rise was meteoric The chapter on Reagan is an impassioned encomium of the president as a folk philosopher that is bound to be controversial These accounts of leadership by modern presidents are acute studies of how the presidency has become the first among equals in our tripartite system of government This book will be important to political scientists historians and government officials and the liveliness of its presentation and the quotidian impact of the men it describes will make it attractive to everyone interested in how we are governed and who is doing the governing

The American Presidency Fenton S. Martin, Robert Goehlert, 1987

**Study Guide to Accompany A More Perfect Union** Grace A. Franklin, 1979

**Politics and Bureaucracy in the Modern Presidency** Robert Maranto, 1993-10-30 This is the first large scale aggregate data study of career noncareer relations in U S administrations This research is put into the perspective of a succinct history of relations between careerists and political appointees Interviews and comments from more than 50 surveys add further color and provide interesting impressions about relations during the Reagan administration Findings lead to new important conclusions and suggestions for reform Political scientists policymakers public administrators and historians will find this work valuable considering bureaucratic and political problems Using a data base including 118 political appointees and 513 high level career bureaucrats from 15 federal organizations in the Reagan administration Maranto tests numerous propositions from political science and public administration concerning career noncareer relations in the U S executive branch of government The study starts with a history of the civil service describes career noncareer relations in the modern presidency and then examines the Reagan administration Maranto's findings indicate that the Reagan administration used ideological criteria in personnel policy but on a more modest scale than many have believed A number of reforms are proposed for improving executive relationships

**Paperbound Books in Print**, 1992

**Executive Orders and the Modern Presidency** Adam L. Warber, 2006

*Understanding the Presidency* James P. Pfiffner, Roger H. Davidson, 2000 Spanning two centuries this book examines the development of the US presidency to offer an historical perspective culminating in the impeachment proceedings brought against the incumbent William Jefferson Clinton This popular reader is the only comprehensive reader on the American Presidency that is also accessible and engaging for undergraduate students NEW Original articles written specifically for this volume Robert Dudley on the presidency and the courts Donald Kettl on the presidency and the budget Clyde Wilcox on campaign finance Introductory essays present an overview of each major section giving a context for the selection and helping students to learn Excellent mix of historical and contemporary selections See Section 1 on historical topics For contemporary selections see the articles on the Clinton administration and Allen Schick on the Clinton Health Care defeat How a Bill Did Not Become a Law Excellent mix of scholarly and engaging journalistic selections Scholarly selections include

Richard Neustadt and George Edwards journalistic selections include Robert Reich and George Reedy *American Presidential Families* Hugh Brogan, 1993 Narrative detail not only on the immediate families of the Presidents but on their ancestors and descendants Also included are essays concerning the presidents careers as statesmen family background and links with Burke s Peerage Baronetage **Dwight D. Eisenhower** Joann P. Krieg, 1987-09-09 Written by a group of scholars and other experts including his campaign manager administration officials and government personnel this volume offers a broad spectrum of opinion and analysis and a wealth of insider information not available in standard presidential biographies most writers used Eisenhower s papers and other sources to good effect Most papers are also well written and their notes quite useful Choice This volume of twenty four new essays enriches our understanding of Eisenhower as a leader and provides valuable historical hindsight on the issues and situations he faced during his two terms as president Written by a group of scholars and other experts including his campaign manager administration officials and government personnel it offers a broad spectrum of opinion and analysis and a wealth of insider information not available in standard presidential biographies *The Presidency Then and Now* Phillip G. Henderson, 2000-02-09 In *The Presidency Then and Now* leading political scientists and historians assess the development of the presidency and its role in today s political landscape The questions addressed in this wide ranging volume include How has the doctrine of separation of powers evolved How have presidential campaigns and presidential oratory influenced the constitutional character of the institution How does the scandal driven press coverage of the post Vietnam and post Watergate presidency compare with the partisan press of the early republic Among other topics the contributors examine the early precedents and modern manifestations of the executive veto executive privilege and presidential use of force doctrine and chart the shift from a constitutionally circumspect and constrained chief executive toward the modern notion of a plebiscitary presidency *The Presidency Then and Now* assesses several key trends in presidential leadership including the recent movement toward a policy centered presidency in which detailed policy development has at times supplanted broad vision and historically informed judgment Other essays address such topics as the transformation of the Cabinet from a body whose members possessed stature equal to the president to a largely symbolic group that has been replaced in its advisory capacity by the White House staff *The Presidency Then and Now* makes a case for returning to constitutional reasoned deliberation and replacing modern fixation on celebrity status with the founders notion of stature By drawing comparisons between the old and the new *The Presidency Then and Now* offers timely and incisive insights that will appeal not only to scholars of the presidency but to historians and general readers interested in the constitutional foundations philosophical debates and key political developments that have affected the presidential office over time **The Moral Rhetoric of American Presidents** Colleen J. Shogan, 2006 *The Moral Rhetoric of American Presidents* analyzes the president s role as the nation s moral spokesman Drawing on the quantitative methods from political science and the qualitative case study approach prevalent in rhetorical studies Colleen J Shogan demonstrates

that moral and religious rhetoric is not simply a reflection of individual character or an expression of American civil religion but a strategic tool presidents can use to enhance their constitutional authority

BOOK JACKET The American Presidency  
James W. Davis, 1995-08-18 This is a thoroughly revised in depth analysis of the American presidency by a major scholar in the field The main goal of the text is to explain how the president's ability to implement policy is circumscribed by several major factors the Madisonian separation of powers the decentralized power structure in Congress the number of cross party coalitions needed to pass legislation a slow moving federal bureaucracy and the powerful influence of special interest groups opposed to many presidential initiatives Included in this second edition is coverage of the first two years of the Clinton presidency and a special chapter on the emergence of the presidential branch the White House staff and its displacement of the cabinet and the executive departments as the foremost decision making agents in the federal government a unique chapter not found in other texts Since highly unstable relations between the president and congress have become the hallmark of our national government especially in this era of divided government a new chapter on the president and congress has been added to the text The growing role of the vice president an original chapter in the first edition has been expanded and updated to include the Gore vice presidency The chapter on proposed reforms of the presidency received wide approval in the first edition In the second edition special attention is devoted to the proposal to abolish the Electoral College and replace it with direct election of the president This edition focuses heavily on the activist presidential leadership of the modern presidency but notes its perishable nature High presidential approval ratings as George Bush demonstrated cannot be stockpiled or deposited in the bank to be drawn upon later Along the way the author makes several major points 1 the excessive demands that the American public imposes on its presidents threaten to turn the nation's highest office into a series of one term presidents 2 the decline of political parties as vehicles for mobilizing presidential support has forced the nation's chief executive to go over the heads of congress and directly to the public to solicit support for his policies and 3 the emerging dangers of electronic democracy and national referenda and the potential rise of a plebiscitary president all pose more imminent threats to our shared powers system than most presidential watchers have been willing to concede

**Directory of History Departments, Historical Organizations, and Historians**, 2004 **Playing the Game** Mary E. Stuckey, 1990-02-12 Part of the Praeger Series in Political Communication Playing the Game offers an exploration of the rhetoric of the Reagan Revolution The book fully explores how the rhetoric supported impeded and affected Reagan's policy goals and political success In this work the author shows how Reagan's use of language in his public speech was instrumental in the creation of the Teflon Presidency and how use of this language created a situation whereby the President would not remain unscathed forever as was the case in 1986 Further Stuckey shows how Reagan's rhetorical success was built around foreign policy events From this premise the book demonstrates why a foreign policy event the Iran Contra affair provided the most conspicuous failure of the Reagan administration The data for this volume includes speeches remarks

addresses statements memorandums and other forms of public speech during the Reagan years The design of the book is both chronological and thematic given the theme of the development of Reagan s rhetoric over time and the eventual exposition of its weakness Following the introduction the book presents an analysis of Reagan s relationship with the White House press corps The second chapter details the first two years of the Reagan presidency and analyzes the learning process by examining both the smooth and rough spots of those years The third chapter focuses on the foreign policy events of 1983 1985 and on how Reagan and his staff used those events to consolidate his personal standing Chapter four provides an exegesis of the unraveling of that success between 1986 1988 and Reagan s increasing vulnerability to criticism The book includes a summary of rhetorical aspects of Reagan s presidency and discusses lessons for the past and his legacy for the future The concluding chapter focuses on Reagan s rhetorical legacy through an examination of the public speech of various candidates from the 1988 presidential election This book should be of interest to scholars of American presidency in departments of communication political science and history

Shadow on the White House David L. Anderson,1993 Harry Truman s administration began searching for an American response to the clash in Indochina between French colonialism and Vietminh communism in 1945 Thirty years and five administrations later Gerald Ford and his aides tried unsuccessfully to solicit additional aid for South Vietnam from a reluctant Congress For Truman Ford and every American leader in between the dilemma in Vietnam hung ominously over the presidency In Shadow on the White House seven prominent historians examine how the leadership of six presidents and an issue that grew into a difficult and often unpopular war shaped each other Focusing on the personalities politics priorities and actions of the presidents as they confronted Vietnam the authors consider the expansion of presidential power in foreign policy formulation since World War II In their analyses they chronicle the history of executive leadership as it related to Vietnam assess presidential prerogatives and motives on war and peace issues and clarify the interconnection between the modern presidency and the nation s frustrating tragic and humiliating failure in Southeast Asia Although other histories have been written about the Vietnam experience this book is the first systematic and comparative survey on presidential leadership as it relates to the war issue It is organized by presidential administrations giving a detailed examination of each president s decisions and policies Based on the most recently opened archival sources the essays provide a framework on which to hang the kaleidoscopic events of the war Amazon com

*Powers of the Presidency* Congressional Quarterly, inc,1997 Powers of the Presidency second edition thoroughly examines the formal and inherent powers of the nation s foremost elected office Beginning with a look at the constitutional origins of presidential power each chapter traces the historical development of presidential authority up to contemporary times
