

A large, dark-colored dinosaur is shown in a prehistoric landscape. The dinosaur is positioned on the left side of the frame, with its head and neck extending towards the top right. The background features a dense forest of tall, thin trees under a hazy, greenish sky. The ground is covered in lush green grass and foliage. A semi-transparent white rectangular box is overlaid on the right side of the image, containing the title text.

Lectures on Language Performance C.E. Osgood,2013-03-08 Titling this book *Lectures on Language Performance* was not done to be cleverly eye catching the title is quite literally appropriate With minor adaptations for a general reading audience the eight chapters in this volume are the actual lectures I gave as the Linguistic Society of America Professor for its Summer Institute held at the University of Illinois in 1978 The eight lectures are an anticipation of my magnum opus I guess when one has passed into his sixties he can be forgiven for saying this a much larger volume or volumes to be titled *Toward an Abstract Performance Grammar* The book in your hands is an anticipation of this work in at least three senses for one thing it doesn t pretend to cover the burgeoning literature relevant to the comparatively new field of psycholinguistics my study at home is literally overflowing with reference materials aU coded for various sections of the planned vol ume s for another both the style and the content of these Lectures were tailored to a very broad social science audience including students and teachers in anthropology linguistics philosophy and psychology as well as in various applied fields like second language learning and bilingualism and for yet another thing many sections of the planned magnum opus are hardly even touched on here for example these lectures do not anticipate major sections to be devoted to Efficiency vs The Web ,1976
