a generality Gould wishes to discuss Nature red in tooth and claw Lord Alfred s line induces dilations on the extent science can inform moral matters not much Gould believes a remembrance of the infamous Wansee protocol prompts Gould s denunciation of the genocidal looting of evolutionary theory and by extension its vulnerability to ignoramuses in general These two examples of the Gouldian essay method fortunately don t foreshadow a gloomy parade of topics Gould can as easily alight at the fun house where mass culture absorbs ideas about evolution through movies of monsters run amok from Frankenstein to Jurassic Park In other essays he plunges directly into matters of evolutionary interpretation but customarily employs a literary twist who else but Gould could link Edgar Allan Poe with his own area of professional eminence the paleontology of snails A discovery awaits in every essay in every haystack which solidifies Gould as one of the most eloquent science popularizers writing today

Booklist **Extra Scientiam Nulla Salus** Dr. Thomas Stark, Blaise Pascal wrote Men are so necessarily mad that not to be mad would amount to another form of madness Curing humanity of its madness is the biggest challenge there is The only remedy is to subject everyone from the day they are born to an educational regime of reason logic clear and critical thinking i e Logos thinking and to teach them to see straight through emotional Mythos and understand it for exactly what it is emotional lies to seduce manipulate exploit and control the gullible masses The sensory Mythos of scientism is as dangerous as the emotional and mystical Mythos of mainstream religion Only Logos rationalism and idealism can provide Ariadne s golden thread to lead us out of the labyrinth of the lunatics where the Minotaur of Madness devours everyone ritually offered up to it It s time to slay the Minotaur and make humanity sane

The Silver Paradigm in the Emerald Heaven Chavdar Dobrovidel, 2009-12-22 The Silver Paradigm in the Emerald Heaven is an astonishing breath taking view of the world in its eternal search and struggle for ideas and paths leading to a brighter future The author introduces the reader to his own unique ideas by making a marvelous journey through the histories of various societies and ethnicities by drawing on the wisdom of their social conditions social ways and religious beliefs As in the twilight zone readers have the option of going from the clarity of the contemporary world s societies to spirituality and the spiritual unseen world which the author believes is indivisible from the material reality and has to play an essential role in the future life and organization of the societies and human destinies
