Is your little one obsessed with dinosaurs and you are looking for a book that will teach them everything there is to these magnificent creatures that walked the earth millions of years ago? If you've answered YES, this dinosaur book for kids will help you expand your child's understanding of dinos in a language and style they will love. Kids are the most curious learners and as they are on a quest to discover whatever they can about the world, learning about dinosaurs can really broaden their perspectives about the endless possibilities in the world. Dinosaurs is a fun fact filled book about dinosaurs that covers every single detail, big and small, about dinosaurs in a kid friendly way that captures the real essence of dinos. So if your kid has questions such as: When did dinos exist? What are the different types of dinosaurs? Did dinosaurs fly? What did dinosaurs eat back then? Where did dinosaurs go? How come they are not in existence now? This book will answer all of your little one's questions using a style that's perfectly suited for kids: simple language and lots of colorful images. In this children's educational book, your child will discover important facts about the existence of dinosaurs, how the existence of dinosaurs came to be and who helped in their discovery, the eating habits of dinosaurs including which ones were carnivores, herbivores or omnivores, interesting theories of how dinosaurs became extinct, an in depth look at the features and characteristics of each dinosaur from what they ate, their height and weight, their speed and what their name means, and much more. It doesn't matter whether your little one just loves dinos or is unaware of their existence; either way, this book will intrigue your child as it takes them through the fascinating dino world. Dinoworld Archie Blackwell, 2012. **Dino World** Zondervan, 2020-10-06. See prehistoric predators of all sizes come to life with Dino World, the trifold pop up book all about dinosaurs.
