Each activity features step by step guidance, a list of resources and a detailed explanation of the skills children will learn. Creative, simple and highly effective, this series is a must have for every Early Years setting. _____ The tuff tray is a staple resource in Early Years settings that supports many different styles of learning and play and offers lots of opportunities to introduce early mathematics. 50 Fantastic Ideas for Tuff Tray Mathematics is filled with fun, creative and inspiring ideas for exploring mathematical concepts using tuff trays, including size, shape, capacity, quantity, distance, volume and numbers. From exploring time with ice cubes to cutting shapes out of tortilla wraps, Sally Wright presents opportunities for mathematical learning objectives to be met in an exciting and creative way.

Exploring Maths through Stories and Rhymes Janet Rees, 2019-05-09 This practical book is packed with tried and tested activities which draw on popular stories and rhymes and use everyday materials and objects to help young children develop their understanding and enjoyment of mathematical concepts. By relating ideas of number, shape, size and pattern to everyday contexts, stories and experiences, *Exploring Maths through Stories and Rhymes* improves confidence, increases understanding and develops children's desire to engage with maths. Offering a range of creative and exciting activities to encourage hands-on learning and discussion, chapters include a range of step by step activities which are easily adapted to varying needs, ages and abilities. Use popular stories and nursery rhymes as a way of engaging children with mathematical thinking, show how inexpensive everyday materials can be used to encourage learning, include full colour photographs, photocopyable materials, vocabulary lists and key questions to help the reader get the most out of the ideas described. This practical text will be a go-to resource for early years practitioners and students looking to adopt a creative approach to early years mathematics.

Let Me Be Five Sue Quirk, Victoria Pettett, 2020-12-29 This book offers a step by step guide to implementing a play based curriculum in Year 1 while fully achieving the National Curriculum objectives. The authors explore the key barriers and common pitfalls that often arise around this crucial transition and show teachers how to successfully lead children from the Reception stage through Year 1 and to the subject based teaching beyond. Providing practical advice and guidance for busy teachers, the authors clearly and concisely illustrate their methods with theory, personal stories and colourful photographs. From transitional stories they have been a part of, *Let Me Be Five* shows teachers how to plan the curriculum in a way that builds on children's experiences in the Early Years Foundation Stage and gives them meaningful contexts for learning. Including real life case studies and views from parents and teachers, this book will give you the knowledge and confidence to plan a play based curriculum based on children's interests and developmental needs that will enable every learner to thrive.

Learning Behaviours: A Practical Guide to Self-Regulation in the Early Years Sue Cowley, 2021-01-15 Best selling author and qualified early years teacher Sue

Cowley looks at the way that behavior develops during the earliest years of a child's life exploring how babies and young children learn behaviors and move from co-regulation to self-regulation. *Learning Behaviors* gives practical advice about how to support children in learning all aspects of positive behavior while they are in your daycare, preschool or kindergarten. Sue explores the different behaviors that children need to learn and develop in order to be happy and successful learners in their future school careers and beyond. From learning how to share to learning how to pay attention from learning how to be responsible to learning how to be kind, this book covers all these learning behaviors and much more. This is a book full of practical strategies, realistic suggestions and down to earth advice. Sue offers a step by step guide to getting behavior right and a range of case studies to help you understand how the approaches work in practice. [Supporting Wellbeing through Gender-Inclusive Practices](#) Fifi Benham, 2024-12-24 Gender is a broad and complex concept the impact of which can start even before a baby is born. It can be a source of restriction but it is also a source of joy and early years practitioners have a unique opportunity to empower new generations by creating gender inclusive environments where children feel confident and above all happy. This accessible and practical guide provides meaningful advice on how to improve and promote gender inclusion and wellbeing in early years settings. Chapters cover key areas from gendered language and gender inclusive environments to trans and non-binary childhoods and encourage practitioners to reflect deeply on the way gender has impacted their own lives. The book provides an overview and analysis of current guidance around gender equality and how this is integral to best practice. Real world practical tips and strategies that can be introduced right away including advice for working effectively with parents. Book recommendations for settings and consideration of the language used in fairy tales and nursery rhymes as well as signposting to further learning for practitioners. Guidance on creating gender inclusive environments and making space for children to play around and make choices based on what brings them joy. Reflection points, practitioner reflections and case studies to bring theory to life. The early years presents the perfect time to encourage the exploration of identity as part of play and the book enables practitioners to actively engage with this to recognise and celebrate individuality and to promote social, emotional and mental wellbeing. This refreshing guide empowers practitioners to push boundaries in their setting to enable and maximise a positive approach to gender in practice. It is essential reading for all early years practitioners as well as childminders and early childhood students. **The Publishers Weekly**, 2002
