**Morality, Not Mortality** William Horst,2022-05-23 This study argues that the language of death as a present human plight in Romans 5 8 is best understood against the background of Hellenistic moral psychological discourse in which death refers to a state of moral bondage in which a person s rational will is dominated by passions associated with the body It is death of this sort rather than human mortality or a cosmic power called Death that entered the world through the transgression of Adam and Eve in Eden Moral death was imposed on humanity as a judgment against this initial transgression in order to increase sinful behavior which ultimately serves to increase the magnitude of the glorious revelation of God s grace through Jesus Christ Likewise creation s subjection to corruption and futility in Romans 8 involves the detrimental effects of human moral corruption not the physical corruption of death and decay Ultimately the plight on

which Paul focuses much of his attention throughout Rom 5 8 is a matter of morality not mortality
