Dialogues For All Accents And Ages:

The Verbal Arts Workbook David Carey, Rebecca Clark Carey, 2010-09-10 Actors need to learn not only how to use their voice but to use voice and language together This book is about the expressive potential of language and how actors can develop the verbal skills to release that potential Written by tutors at the Royal Academy of Dramatic Art and authors of the successful companion title The Vocal Arts Workbook and DVD this book includes each aspect of verbal expression Sound How to develop a sensitivity to the qualities of speech sounds and use them more expressively Image How to bring life and specificity to images when you speak Sense How to focus your energy on those words and phrases that convey what is most significant in a speech or scene Rhythm How rhythm is created and used in both verse and prose Argument How to understand the structure or logic of language and speak with authentic energy This book puts it all together using one classical and one modern scene as examples Each of the chapters consists of several sections addressing the learner throughout framework exploration exercises follow up suggested texts and further reading and also provides teaching tips that give specific notes for teachers **Duet and Dialogue in the Age of Monteverdi** John Whenham, 1982

Pragmatics of Accents Gaëlle Planchenault, Livia Poljak, 2021-10-15 What impact do accents have on our lives as we interact with one another Are accents more than simple sets of phonetic features that allow us to differentiate from one dialect variety or style to the other What power relationships are at work when we speak with what those around us perceive as an accent In the 12 chapters of this volume an international group of sociolinguists applied linguists anthropologists and scholars in media studies develop an innovative approach that we describe as the pragmatics of accents In this volume we present a variety of languages and go beyond the traditional structural description of accents From ideologies in national contexts to L2 education to accent discrimination in the media and the workplace this volume embraces a new perspective that focuses on the use of accents as symbolic resources and emphasizes the importance of context in the human experience of accents

The Study of Religion in an Age of Global Dialogue Leonard J. Swidler, Paul Mojzes, 2000 Religion is the most fundamental comprehensive of all human activities it tries to make sense out of not simply one or another aspect of human life but of all aspects of human experience At the core of every civilization lies its religion which both reflects and shapes it Thus if we wish to understand human life in general and our specific culture and history we need to understand religion What is religion Religion is an explanation of the ultimate meaning of life and how to live accordingly based on a notion of the Transcendent Normally it contains the four C s Creed Code Cult Community structure CREED refers To The cognitive aspect of a religion it is everything that goes into the explanation of the ultimate meaning of life CODE OF BEHAVIOR or ethics includes all the rules and customs of action that somehow follow from one aspect or another of the Creed CULT means all the ritual activities that relate the follower to one aspect or another of the Transcendent either directly or indirectly prayer being an example of the former and certain formal behavior toward representatives of the

Transcendent such as priests of the latter COMMUNITY STRUCTURE refers To The relationships among the followers this can vary widely from a very egalitarian relationship As among Quakers through a republican structure as Presbyterians have To a monarchical one As with some Hasidic Jews have with their Rebbe THE TRANSCENDENT As the roots of the word indicate means that which goes beyond the everyday The ordinary The surface experience of reality it can mean spirits gods a Personal God An Impersonal God Emptiness etc This volume looks at the ways we humans have developed to study religion However a new age in human consciousness is now dawning The Age of Global Dialogue a radically new consciousness which fundamentally shifts the ways we understand everything in life including religion This global dialogical way of understanding life does not lead to one global religion but it does lead toward a consciously acknowledged common set of ethical principles a Global Ethic The book looks at these two movements the Age of Global Dialogue and inchoative Global Ethic in order to help readers understand what is going on around them So they might make informed intelligent decisions about the meaning of life and how to live it Author note Leonard Swidler is Professor of Religion at Temple University Paul Mojzesis Academic Dean and Professor of Religious Studies at Rosemount College Usability of Speech Dialog Systems Thomas Hempel, 2008-04-04 Before designing a speech application system three key questions have to be answered who will use it why and how often This book focuses on these high level questions and gives a criteria of when and how to design speech systems After an introduction the state of the art in modern voice user interfaces is displayed The book goes on to evolve criteria for designing and evaluating successful voice user interfaces Trends in this fast growing area are also presented
