Classics in Extremis Edmund Richardson, 2018-12-13 *Classics in Extremis* reimagines classical reception. Its contributors explore some of the most remarkable hard fought and unsettling claims ever made on the ancient world from the coal mines of England to the paradoxes of Borges from Victorian sexuality to the trenches of the First World War from American public school classrooms to contemporary right wing politics. How does the reception of the ancient world change under impossible strain? Its protagonists are marginal figures who resisted that definition in the strongest terms. Contributors argue for a decentered model of classical reception where the marginal shapes the central as much as vice versa and where the most unlikely appropriations of antiquity often have the greatest impact. What kind of distortions does the model of centre and margins produce? How can marginal receptions be recovered most effectively? Bringing together some of the leading scholars in the field *Classics in Extremis* moves beyond individual case studies to develop fresh methodologies and perspectives on the study of classical reception.

The Senecan Aesthetic Helen Slaney, 2016 *The Senecan Aesthetic* surveys the multifarious ways in which Senecan tragedy has been staged from the Renaissance up to the present day and restores Seneca to a canonical position among the playwrights of antiquity recognizing him as one of the most important, most revered and most reviled.

This text explores his place in Athenian religion detailing what Euripides makes of him in the play.

Tragedy in Transition Sarah Annes Brown, Catherine Silverstone, 2007-11-28 A team of scholars look at a broad range of topics in the field of tragedy in literature from ancient to contemporary times. They explore the links between writers from different times and cultures focusing on the reception of classical texts in subsequent literatures and discussing their treatment in a range of media.

Aeschylus: Persians David Rosenbloom, 2006 Aeschylus Persians is the earliest extant Greek tragedy and sole surviving historical tragedy It tells the story of the Persian king Xerxes disastrous invasion of Greece in 480 79 and dramatises his return to Persia in rags to face the condemnation of his elders and to lament his defeat The first Western depiction of the causes and limits of imperialist conquest the Persians is especially relevant today The play is unflinching in its portrayal of the horrors of the Persian defeat but it is not merely a paean to Western freedom democracy courage and military supremacy it is a meditation on the tendency of wealth power and success to take on a momentum of their own and to push societies to the brink of ruin This companion to the play provides historical context thematic discussion literary and performance history bibliography and glossary It is entirely accessible to those studying the play in translation as well as the original Greek Back cover
