Acosta-Hughes, 2010-01-04 Arion's Lyre examines how Hellenistic poetic culture adapted reinterpreted and transformed Archaic Greek lyric through a complex process of textual cultural and creative reception Looking at the ways in which the poetry of Sappho Alcaeus Ibycus Anacreon and Simonides was preserved edited and read by Hellenistic scholars and poets the book shows that Archaic poets often look very different in the new social cultural and political setting of Hellenistic Alexandria For example the Alexandrian Sappho evolves from the singer of Archaic Lesbos but has distinct associations and contexts from Ptolemaic politics and Macedonian queens to the new phenomenon of the poetry book and an Alexandrian scholarship intent on preservation and codification A study of Hellenistic poetic culture and an interpretation of some of the Archaic poets it so lovingly preserved Arion's Lyre is also an examination of how one poetic culture reads another and how

An Abridged History of Greek Literature Alfred Croiset, Maurice Croiset, 1904 The Epigrams Ascribed to Theocritus Laura Rossi, 2001 This book is the first full scale commentary on the epigrams ascribed to Theocritus since Gow's commented edition of 1950 and the first to methodically approach epigram as a literary genre attempting to bridge the gap between epigraphy and philological studies The introductory chapters trace the history of the various epigrammatic genres and typologies within which the Theocritean epigrams can be inserted focusing on both the literary and epigraphic conventions followed and respected by the epigrammatists The commentary discusses in detail the text recently established by Gallavotti with some slight variations with an emphasis on the dual contribution of literary and epigraphic evidence for a correct understanding of the questions related to content and the linguistic problems presented by the poems The final chapters deal with the question of the authenticity of the epigrams and try to reconstruct how and when they were collected in the book transmitted by the bucolic manuscripts and then entered the anthology
