Directing Michael Rabiger, 2013-04-02 *Directing Film Techniques and Aesthetics* is a comprehensive manual that teaches the essentials of filmmaking from the perspective of the director. Ideal for film production and directing classes as well as for aspiring and current directors, *Directing* covers all phases of preproduction and production from idea development to final cut. Thoroughly covering the basics, *Directing* guides the reader to professional standards of expression and control and goes to the heart of what makes a director. The book outlines a great deal of practical work to meet this goal with projects, exercises. The third edition emphasizes the connection between knowing and doing with every principle realizable through projects and exercises. Much has been enhanced and expanded, notably aspects of dramaturgy, beats and dramatic units, pitching stories and selling one's work, the role of the entrepreneurial producer and the dangers of embedded moral values. Checklists are loaded with practical recommendations for action and outcomes; assessment tables help the reader honestly gauge his or her progress. Entirely new chapters present preproduction procedures, production design script breakdown procedures and etiquette on the set, shooting location, sound continuity and working with a composer. The entire book is revised to capitalize on the advantages offered by the revolutionary shift to digital filmmaking. [Directing Film Techniques & Aesthetics, 3E](#) Michael Rabiger, 2007-01-01
