Andrew M. Bain and Ian Hussey (eds), Eugene, OR: Wipf & Stock, 2018, \$38 pbk, ISBN 9781532640667, 328 pp.

“Theological education through Australian lenses” is an apt description for this volume in the Australian College of Theology (ACT) Monograph Series—and it is indeed a worthwhile addition to the contemporary global library on theological educational thought.

Theological Education is a collection of twenty-one contributions from twenty-four faculty of theological and Bible colleges in the ACT consortium. For those unfamiliar with this acronym, ACT “is an Australian government approved higher education provider, leading and fostering a robust consortium of independent affiliated colleges, which actively engage in scholarship and collaborate in the provision of theological education” (<https://www.acttheology.edu.au/about/strategy/>, accessed 15 February 2019). The sixteen member colleges “all broadly share a commitment to evangelical theology” (*Theological Education*, p. xx).

Though the specific brief for authors is not explicitly stated, the broad focus of the volume is aspects of theological education (TE) in the Australian context, targeted at theological educators to “hopefully provide you with dynamic stimulus for your development as a theological educator, for the glory of God” (p. xxii).

The twenty-one chapters are divided into four sections: “Part I: Biblical and Theological Perspectives” (three chapters); “Part II: Historical Perspectives” has six chapters, including general chapters (e.g. on TE in early Christianity, and sixteenth-century antecedents to Western Christian education and ministerial training) and Australia-specific chapters (e.g. a thematic history of TE in Australia, and the development of ACT); “Part III: Current Practices” has nine chapters, all Australia-facing in their focus (e.g. developing genuinely reflective ministry practitioners, student attrition, women in TE, TE for missional leadership and for cross-cultural ministry, etc.); and “Part IV: Future Directions” has three chapters, including on the current Australian context for TE and the challenges facing TE in Australia.

The overall quality of writing in *Theological Education* is high, and the chapters are readable and generally engaging. Seven of the contributors are women, likely reflecting the reality that the percentage of women on the academic staff of

Directions in Theological Education Lee Wanak, 1994 **Communication in Theological Education** Michael Traber, 2017 Papers presented at the Consultation of Theological Educators and Communication Specialists held at Bangalore in August 2003 Theological Education Andrew M. Bain, Ian Hussey, 2018-01-08 This volume draws upon historical and theological sources and empirical research to provide a unique and diverse perspective on theological education in the twenty first century The volume develops and promulgates the best thinking about theological education by drawing upon the breadth of expertise represented by the faculty of colleges within the Australian College of Theology This volume not only produces crucial insights for the future of theological education around the world but gives the Australian theological sector a voice to make its own unique contribution to the global dialogue about theological education

Pointing the Way Jill Ireland, Richard Edlin, Ken Dickens, 2004-01-01 **Handbook of Theological Education in World Christianity** Dietrich Werner, David Esterline, Namsoon Kang, Joshva Raja, 2010-11-19 The Handbook of Theological Education in World Christianity is the first attempt to map and analyze developments in theological education on a global scale This volume with contributions from 98 leaders in theological education from around the world provides a comprehensive introduction to the major themes and contexts in the international discourse on theological education surveys of the issues and challenges faced in different regions and introductory essays on the developments in the major denominational families in World Christianity The editors are Dietrich Werner World Council of Churches Geneva David Esterline McCormick Theological Seminary Chicago Namsoon Kang Brite Divinity School Fort Worth and Joshva Raja Queen s Foundation Birmingham Theses Regarding Direction in Theological Education Robert C. Neville, 1998

Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women s education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church s founding through the Middle Ages to the modern day Denominational and

institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education **Locating US Theological Education In a Global**

Context Hendrik R. Pieterse, 2019-06-21 CONTRIBUTORS E Byron Anderson K K Yeo Margaret Eletta Guider OSF Lester Edwin J Ruiz Brent Waters Namsoon Kang Luis R Rivera and David Esterline Theological education in the United States finds itself in untested circumstances today Rapid social change is creating an increasing multicultural multiracial and multireligious context for leadership formation At the same time international enrollment cross border educational initiatives student and faculty exchanges and more are connecting US theological schools with a global community of Christian teaching and learning How do US theological institutions locate themselves within this global ecology of theological formation so as to be both responsible participants and creative shapers within it That is how do they discern their proper place and role It is questions like these that the contributors to this volume explore Building on the decades long discussion about the globalization of US theological education this book argues that in engaging such questions US theological institutions have much to gain from a sustained conversation with the burgeoning literature on the internationalization of American higher education This research offers theological institutions a trove of insights and cautionary tales as they seek to discern their rightful place and role in educating leaders in and for a global Christian church CONTRIBUTORS E Byron Anderson K K Yeo Margaret Eletta Guider OSF Lester Edwin J Ruiz Brent Waters Namsoon Kang Luis R Rivera and David Esterline The Department of Christian Education in the Theological Seminary Otto Frederick Nolde, 1929 **Becoming**

Cosmopolitan William L. Sachs, Wanjiru M. Gitau, 2023-01-25 The legacy of Christian mission seems beyond dispute Western churches carried imperialist and racist assumptions as they evangelized and encouraged the formation of indigenous churches Amid those realities a different sensibility took root As the history of Virginia Theological Seminary illustrates missionaries who were alumni adapted to contextual circumstances in ways that challenged Western presumptions Mission encouraged cosmopolitan ties featuring mutuality and reciprocity The path to such relations was not straight nor always readily taken Yet over the seminary's two hundred year history the cosmopolitan direction has become evident on several continents As missionaries came home and leaders and students from abroad visited the seminary the ideal of cosmopolitan relations spread It became evident as mission churches took indigenous form and control It was reinforced as Western churches explored the dimensions of social justice American theological education affirmed the reality of diversity and recast its pedagogies in appreciative ways This book traces an epic shift in mission and theological education measured by the rise of cosmopolitanism in the life of Virginia Theological Seminary **Contributions to the Ecclesiastical History of Connecticut; prepared under the direction of the General Association, to commemorate the completion of one**
