Risky Business William D. Romanowski, 2017-07-28 The role of motion pictures in the popularity of rock music became increasingly significant in the latter twentieth century Rock music and its interaction with film is the subject of this significant book that re examines and extends Serge Denisoff s pioneering observations of this relationship Prior to Saturday Night Fever rock music had a limited role in the motion picture business That movie s success and the success of its soundtrack began to change the silver screen In 1983 with Flashdance the situation drastically evolved and by 1984 ten soundtracks many in the pop rock genre were certified platinum Choosing which rock scores to discuss in this book was a challenging task The authors made selections from seminal films such as The Graduate Easy Rider American Grafitti Saturday Night Fever Help and Dirty Dancing However many productions of the period are significant not because of their success but because of their box office and record store failures Risky Business chronicles the interaction of two major mediums of mass culture in the latter twentieth century This book is essential for those interested in communications popular culture and social change

Will I Live Tomorrow? Sonia Nassery Cole, 2012-10-16 When Sonia Nassery Cole set out to film The Black Tulip in her homeland of Afghanistan she knew the odds were against her she was told time and time again that filming inside a war zone would be impossible What she didn t anticipate was how intent the Taliban and its sympathizers were on halting the film s production the crew encountered extortion government corruption kidnapping attempts and death threats even with around the clock security Her cinematographer fled after two days and many others followed After 9 11 Cole wrote The Black Tulip based on a true story of a real Afghan family The plot was simple After 2001 when the Taliban was routed an Afghan family opened The Poet s Corner a restaurant with an open microphone for all to read poetry perform music and tell their stories But the Taliban didn t approve and the family s new found hope proved fleeting as it struggled to maintain the restaurant and its vibrant way of life Selected as Afghanistan s official submission for the Best Foreign Language Film at the 2010 Academy Awards The Black Tulip is a modern portrait of Afghanistan that captures the plight and resilience of its people Without financial support from a studio or anyone else Cole self financed the film by mortgaging her home and selling her belongings Then with everything on the line she left for Kabul to make the impossible possible and set out to gather the right people who would risk their lives and willingly be part of the production In Will I Live Tomorrow Cole gives an intimate look into what went on behind the scenes of making a controversial film in the heart of a war ravaged country the looming terror the Taliban creates among Afghans everywhere and the challenges and fear the cast and crew faced every day Will I Live Tomorrow is a memoir about one woman s struggle to make a difference in a violent world
